

# HUN BEWILDERED BY ALLIED ADVANCES

## ENEMY CONTINUES TO GIVE GROUND UNDER SUSTAINED PRESSURE

### BULLETIN

PARIS, Oct. 19.—The allied armies have reached the Dutch frontier.

### BULLETIN

LONDON, Oct. 19.—The British and American forces in the region of LeCateau have successfully continued their advance, says Field Marshal Haig in his communication tonight. Southeast of LeCateau they have penetrated to the high ground west of Catillon and also have reached the west bank of the Sambre and Oise canal.

### BULLETIN

PARIS, Oct. 19.—The French armies all along the front have been successful in their combats against the Germans, making advances at numerous points and at others warding off counter-attacks causing heavy losses to the enemy.

In Champagne the French have reached the Hunding line, attacked it and captured St. Germainmont. Seven hundred prisoners were taken.

WITH THE ALLIED ARMIES IN FRANCE AND BELGIUM, Oct. 19.—By The Associated Press.—The bewildered and shattered German hordes all day long have continued to give ground under the sustained pressure by the British, French and American troops.

Indications at allied headquarters are to the effect that the German army believes that it is to be withdrawn entirely from France and Belgium.

In the center of the front today the Germans were retreating so fast that contact, if secured at all was only between advanced patrols and small groups of the enemy. On the flanks, however, there has been hard fighting.

In Belgium the allies have been engaged in severe encounters. Nevertheless they have gained additional miles of ground. In the area north and south of LeCateau furious fighting is reported and the Americans have again distinguished themselves. By dark last night they had penetrated a depth of two miles; today they made further progress against strong opposition. The Germans have had orders to hold the line at all costs and the Americans and British had literally to hack their way thru.

The enemy divisions have been well whipped, and from prisoners, it is learned that no reserves are back of them because retirement in that section of the line is expected to take place as soon as the other divisions to the north get far enough back.

North of the LeCateau sector the British have been engaged in equally hard fighting. Here also the Germans had to be ridden before they would give ground but posts now have been established by the allies east of the Selle river and some ground has been gained southeast of Neuville.

### British Advance Rapidly

WITH THE ALLIED FORCES IN BELGIUM, Oct. 19.—By The Associated Press.—The British are advancing rapidly astride the Lille-Tournai railway. There is no contact with the main enemy forces south of this line. All the bridges over the Marne, south of Chereng, are intact the Germans having fled so fast they did not have time to destroy them. South of Douai the British have reached the outskirts of Aubercourt and are east of Ecalle and east of Pecquencourt. Many civilians were liberated in these towns. Advance patrols are in continual touch with small parties of the enemy.

Fires in Douai which had been smoldering since the capture of the town broke out anew today. The fires were quickly put out by the soldiers.

The Germans are making vigorous efforts to remove as much material as possible from the Belgian coast. However they are under a heavy bombardment from sea and land. The Belgian gunners are handicapped somewhat on account of the proximity of the Dutch border. Many bridges have been reported and many German mines and traps removed in the Belgian territory already regained.

### Bruges Clear of Enemy

WITH THE ALLIED ARMIES IN FRANCE AND BELGIUM, Oct. 19.—By The Associated Press.—Bruges was reported late this evening to have been cleared of the enemy. The Belgians are pressing on beyond the city, closing the neck of the bottle reaching to the North Sea but the bulk of the Germans undoubtedly have escaped from the coast.

The progress elsewhere includes the capture of Templeuve a mile from the Escaut river northwest of Tournai. In the sharp fighting here the British are driving the Germans faster than they want to go. North of the Escaut the villages of Bouchin, Reulx and Abscon have been captured and the advanced troops have fought their way into the western outskirts of Denain along the Reulx-Denain railway.

Saulzoiir has been captured and seven hundred citizens liberated. Louchy also has been captured and six thousand civilians rescued after hard fighting. Bezeul, east of LeCateau has been cleared of the enemy after hard fighting from house to house and in the streets and the Germans have been driven east of the town.

### LARGE CONTRIBUTIONS

Washington, Oct. 19.—Chapters of the Daughters of the American Revolution in 28 states contributed \$200,000 to the Red Cross and \$75,000 to the Y. M. C. A. and Y. W. C. A., and raised \$74,850 for the care of French orphans and \$25,000 for civilian relief in Tolloley, France, in the last six months ending October 1. These figures are embodied in the semi-annual report of the war relief service committee.

### URGE WILSON TO FIX HIGHER WHEAT PRICE

Washington, Oct. 19.—President Wilson will be urged to fix a minimum price of \$2.46 a bushel for No. 1 Northern wheat or its equivalent, Chicago delivery by representatives of the National Wheat Growers' association at a conference Monday. In a brief to be presented to the president the growers declare an advance on the present fixed price is necessary because of the increased cost of production.

## FRENCH FIRST ARMY HAS SHOWN GREAT ENDURANCE

### Take Valuable Terrain After Months of Campaigning

### WITH THE FRENCH ARMY IN FRANCE, Oct. 19, 2:30 p. m.

(By The Associated Press.)—The first French army under General DeBenedy after months of severe campaigning is furnishing one of the best examples of the endurance of the heroic French troops in the fighting of the Oise. Continuing their pressure on the German lines during the night, General DeBenedy's troops completed the conquest of the territory west of the canal from Hanapies to Noyales and this morning were overcoming stout resistance on this most difficult ground. The Germans disputing every inch of ground in this region in order to protect the retreat of their armies pressed by the British are favored by nature. The ground is well adapted to the artificial floods to which they are resorting and to ambushes that are encountered all along the front.

Whenever the enemy retreats here he is forced back against his wall of defense, these positions being essential to the easy withdrawal of troops and material further north.

### Fierce Fighting

On the front of the armies of General Gouraud and General Pershing the fighting also goes on fiercely the enemy ceding ground only in the last extremity while completing the withdrawal of his lines westward. Gouraud's men gained important successes yesterday east of the Aisne and are advancing east of Vouziers. The German retreat, so far as the high command is able to control it, is movement in adverse to the invasion of 1914, when German columns pivoting on the fortress came around thru Belgium left, come around thru Belgium in the present positions are for opening fan. The fan is closing this time instead of opening and it is hinging on a crowned pivot, while the columns representing the ribs of the fan instead of pursuing the adversary are being pursued, pushed, hustled and harassed. Consequently the regularity with which the fan was opened at the beginning of the war and which according to the crown prince was "fresh and joyous," is absent in the adverse movement.

Marshal Foch withholds from Ludendorff the leisure to operate his elastic retreat at will. The enemy is able to select only positions where resistance is vital to the success of the retreating movement. The question of the moment on the right wing in front of Gouraud and Pershing and in the region of the Oise in front of DeBenedy.

### Retreat in Masterly Fashion

The most competent military authorities admit that the German retreat has been accomplished in masterly fashion. The question whether the Germans will be able to hold the vital points along the Aisne and Oise until they get out of the precarious situations elsewhere is becoming more and more acute. Yet predictions of the immediate crumbling of the German line anywhere are considered premature.

The Germans now occupy north of the Aisne and the Serre their second line of retirement called the "hunding" position which rests its right upon the valley of the Oise and its left upon the hilly forest region at Grand Preau, now vigorously attacked by Gouraud and Pershing. Work on this line was begun in that spring of 1907 and was continued until November. Then it was suspended until September of this year when it was resumed with feverish haste with the aid of prisoners of war. Its length is about 75 miles, four fifths of it behind water courses that may easily be swelled by artificial floods so as to constitute formidable obstacles. The enemy may be expected to make a desperate stand here and to hold out, if possible until his armies in Belgium and French Flanders are withdrawn.

### OPERATING EXPENSES LARGE

Washington, Oct. 19.—Increased returns from higher freight and passenger rates now are fully apparent for the first time in reports of railway earnings to the Interstate commerce commission. Complications by the commission for August made public today, show an operating income of \$128,123,000 for that month or \$24,000,000 more than in August 1917. Operating revenues jumped to \$502,759,000 which was \$136,000,000 more than in August, last year. At the same time, however, expenses increased to \$358,987,000 or \$112,000,000 more than in August 1917.

## War News Summary

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Allied troops on a front of more than 120 miles from the North Sea to the Oise river are pressing closely after the retreating Germans. The enemy is being given no rest and may have difficulty in holding his supposedly prepared lines when they are reached.

On the north the British, French and Belgians are approaching Ghent in the center and the British are marching on Tournai while the British, French and Americans north of the Oise are threatening the important railway lines south of Valenciennes. In the Argonne west of the euse the Americans have improved their positions in the neighborhood of Bantheville.

Unofficial reports are that the Belgian coast has been cleared completely of enemy forces and that six thousand German troops have been caught between the advancing allies and the Dutch border and the North Sea. This force apparently was unable to make good its escape southward owing to the rapidity of the allied advance from Bruges.

Allied troops are reported near Ecloot, 15 miles east of Bruges and the same distance northwest of Ghent and are also approaching the Dutch frontier near Sluis. The allied troops in Flanders have regained 800 square miles of territory in the past four days. Between Bruges and Courtrai the German resistance is somewhat stiffer than further north. The Marne river has been crossed east of Lille and the town of Chereng eight miles east of the important junction of Tournai taken.

From Chereng southward to east of Douai the British have pressed forward, nearly eight miles on a 30 mile front in three days.

## Spanish Influenza Huns Retreating In Army Camps Along Whole Rapidly Subsides Battle Front

WASHINGTON, Oct. 19.—Spanish influenza as an epidemic is subsiding rapidly in the military camps of the country but among the civilian population generally the peak has not yet been reached. Conditions in eastern states where the disease first appeared showed improvement today but reports from the south and midwest and Pacific coast were not optimistic. New cases of influenza in army camps as reported to the office of the surgeon general of the army today showed a decrease of 1,403. Pneumonia cases decreased 298 from yesterday and the number of deaths was 158 less than yesterday, numbering 472.

Since the beginning of the epidemic cases reported from camps total 283,331 with 14,153 deaths. Camp McClellan, Ala., with 344 new cases, led in the number of new cases today. Public health service reports from California said 18,200 new cases had been recorded since Thursday with only portions of the state reporting. Colorado reported a number of deaths in Denver while in Idaho the malady continues to spread. Conditions were said to be about stationary in Kansas. Louisiana reported the situation as "still unsatisfactory." Cases were reported from a number of Missouri counties where the disease had not previously been found. The number of cases in New York City was estimated at half a million with a high mortality. In New Hampshire the situation is reported to be better.

The epidemic was reflected in the weekly army health report today showing that during the week ending Oct. 11, the death rate among troops in this country was 266.4 a thousand an increase of 150 per thousand over the preceding week. Of the 6,266 deaths reported during the week, practically all resulted from pneumonia and influenza.

District of Columbia health officials were inclined to the belief tonight that the peak of the epidemic in the district has passed. Sixty-six deaths were reported today in comparison with 95 yesterday. New cases also showed a decrease.

### SIR EDWARD FREY DEAD

London, Oct. 19.—Sir Edward Frey, former lord justice of appeal, died at Failand House, near Bristol, Friday.

Sir Edward had had a long career before the British bar and was distinguished as an arbitrator in both national and international disputes. He was arbitrator between the United States and Mexico in the Pious funds case in 1902 and between France and Germany on the Casa Blanca incident in 1909.

South of Valenciennes the British, American and French forces are widening the wedge driven into the German defenses and have forced the enemy behind the Sambre canal on a wide front east of the important railway center of Guise.

The Selle has been crossed in force southeast of Cambrai and the British are approaching the formidable natural obstacle of the forest of Mormal guarding the main German support line in this region. The French maintain strongly their pressure between the Oise and the Eerre and eastward along the Aisne.

There are some indications that the Germans are preparing for a retirement from their positions in front of the Americans northwest of Verdun between the euse and the Boul forest.

The American advance threatens the security of the Kreimhilde positions on the left center of the sector. A further advance in the Bantheville region will further increase the menace to the German position. East of the Meuse the enemy Saturday attacked the American position in the Bois de La Grande outgave but was repulsed.

President Wilson has rejected the request of the Austro-Hungarian government for an armistice. Austria was informed that conditions have altered since January when the president enunciated his fourteen points and that any change in the Austrian-Hungarian empire must be made in accordance with the desires of the Czechoslovak and Yugo-Slav nationalities.

Germany, it was reported from Geneva, would despatch Saturday night its reply to President Wilson's Saturday reply, it was reported, would accept all the terms with the exception of that concerning the submarine warfare.

WASHINGTON, Oct. 19.—The German retreat from Belgium continued today at a rate that indicated early arrival of the allied forces before the first of the enemy's series of defense lines. Reports from the front were of a scattering character however, and furnished officers here with little basis for gauging the immediate strategic situation. One of the unofficial reports placed the Anglo-American advance past the forest of Mormal, between Valenciennes and Avesnes. If this is correct the first subsidiary line of the enemy has already been broken.

General March referred to this situation today in his weekly conference saying: "From LeCateau northward, the British have reached but have not yet attempted to cross the German defense line which there follows the east bank of the Selle river up to the Sennee marshes."

The situation along the front was in such a state of fluxuation, shifting every hour with the German withdrawal gaining speed, that General March made no effort to outline the strategic possibilities. He did, however, call attention to the fact that withdrawal had expanded to cover practically the whole 250 mile front from the coast to the Meuse where General Pershing's forces were carrying forward the allied right wing.

The French are approaching the Ardennes canal line north of the forest barrier. It may be possible, it was said today, that a swift pincer movement, similar to that which cleared the Argonne pocket before will be launched to open the road to the German main line of resistance.

### WEATHER INDICATIONS AND TEMPERATURES

Illinois: Fair Sunday; showers Sat; Monday part cloudy, not much change in temperature.

Temperatures	
Jacksonville, Ill.	57 63 47
Boston	48 54 38
Buffalo	58 62 36
New York	50 56 42
New Orleans	80 84 76
Chicago	58 63 48
Detroit	54 60 42
Omaha	58 58 50
Minneapolis	50 59 44
Helena	54 58 48
San Francisco	74 76 70
Winnipeg	62 56 44
Jacksonville, Fla.	72 76 70

Washington, Oct. 19.—Region of great Lakes Rain Monday with rising temperature, generally fair thereafter except cooler at end of week.

Upper Mississippi and lower Missouri valleys: Fair and cooler first of week; warmer Wednesday with local rains; end of week fair and cool.

## FOURTH LOAN OVERSUBSCRIBED BY MILLIONS

### No Attempt Made to Estimate Large Total

WASHINGTON, Oct. 19.—Over-subscription of the Fourth Liberty Loan seemed assured tonight when the three weeks' campaign closed. While official reports were lacking, it appeared that again the American people have given to their government not only what was asked but more than was asked in order that the war against Germany and her allies may be carried to a successful conclusion. How far the total will run above the six billion dollar goal officials would not attempt to estimate tonight. It all depends they said on whether big financial interests at the last moment file the big lump sum subscriptions expected of them and whether the number of smaller subscriptions by individuals is found to meet expectations.

New subscriptions entered during the last day and those made effective by payment of the ten per cent installment probably will amount to a billion and a half dollars for the entire nation, it was said. Before business opened this morning, \$4,599,719,450 had been reported to federal reserve banks. For the next five days banks in every city and town in the United States will be busy adding up subscriptions. Reports and payments then must be made to federal reserve banks which are expected to make at least five days more report to the treasury. Indications are that the number of individual subscribers will far exceed 20,000,000 and break all records for distribution of war bonds for either this nation or any other.

According to official figures available tonight only St. Louis and Minneapolis districts had exceeded their quotas. Minneapolis having gone over today. Unofficial reports credited several other districts with having passing the 100 per cent mark.

Latest official reports from districts including almost none of the actual returns to the federal reserve banks up to the close of business Friday night except in the case of Atlanta and San Francisco districts which are up to the close of business Thursday night. These returns will be greatly improved by the heavy subscriptions of Saturday and while there is a strong feeling of confidence among liberty loan executives thruout the country and in Washington, final reports from the banks must be awaited before it can be shown whether or not the desired goal has been safely reached.

Indiana and New Hampshire were two states which had exceeded their quotas today while Chicago, New Orleans, Atlanta, Nashville, St. Joseph, Mo., and Pensacola, Fla., were among the cities that went over.

Total subscriptions in the navy were estimated tonight by Rear Admiral Cowie the navy liberty loan officer to be over \$35,000,000. This is more than the navy subscribed in all three previous loans and is \$7,000,000 above the quota set for the navy at the outset of the campaign. In an effort to obtain the largest possible oversubscription Admiral Cowie today sent a message thruout the navy "for all hands to stand by until eight bells tonight."

### IOWA GOVERNOR IMPROVING

Des Moines, Iowa, Oct. 19.—With the fever virtually gone, Governor W. L. Harding is making rapid recovery from the attack of Spanish influenza that developed Tuesday night his physician said today. He was able to leave his bed today and may be back to his office Tuesday morning.

### ON THE CANADIAN LIST

Ottawa, Oct. 19.—Names of Americans in the Canadian casualty list issued here tonight include: Killed in action: J. Hendry, Chicago.

Wounded: C. Balte, Detroit; P. Robin, Detroit; F. Donahue, Detroit; H. Ward, Chicago; J. W. Watson, Detroit; M. MacLean, Howlett, Mich.

## AUSTRIA-HUNGARY PLEA FOR ARMISTICE REJECTED BY PRESIDENT WILSON

WASHINGTON, Oct. 19.—On the eve, apparently, of the coming of another peace note from Germany, President Wilson has rejected the plea of Austria-Hungary for an armistice and peace negotiations and in doing so has made clearer the conditions which the central powers must meet to end the war.

In a note written yesterday and made public soon after it was well on the way to Vienna today, the president in effect says there can be no talk of peace with the Austro-Hungarian government except on the basis of complete liberty for Czechoslovaks and other subject nationalities as free members of the family of nations. He refused to entertain the Austro-Hungarian suggestion for this reason without the military question dealt with in the reply to Germany.

The Vienna government asked for negotiations on the basis of the president's announced program of peace, mentioning the speech of January 8 last in which the president said the people of Austria-Hungary should be accorded the freest opportunity for autonomous development. The reply says this is impossible; that the Czechoslovak national council has been recognized as a de facto belligerent government, the justice of the nationalistic aspirations of the Yugo-Slavs has been recognized and mere autonomy no longer can be accepted.

### Declaration May Be Far Reaching

This declaration, which may be far reaching in its effect upon Austria-Hungary where long enslaved peoples are really ready to sweep away the dual monarchy and the Hapsburg dynasty clears up what some critics of the president's policy have pointed to as a source of endless controversy in his program of peace. It comes one day after the proclamation of Emperor Charles' federalizing the Austrian states in a desperate effort to save his government at home and at the same time prepare the way for peace.

Tho not mentioned by name, the Poles, Roumanians and members of other distinct races held under Austrian domination come within the protection of the principle of self-determination to which America and the allies are committed.

The Austrian-Poles want to join an independent Poland, the Austrian Roumanians long for reunion with Roumania and there is no doubt here that their hopes will be fulfilled when the peace conference is held. Beyond press despatches from Switzerland saying the new German note would be despatched tonight the state department has no intimation whatever of the time or the nature of the German response to the president. Officials heard without comment of the report that Germany would accept President Wilson's conditions "generally" with a reservation that submarine warfare must continue to the end of the war. About the state department this was regarded as an indication that the Berlin government, without conceding the surrender that it has been told must precede an armistice, would seek to continue diplomatic discussions in the hope of eventually weakening the position of her enemies and winning the earnestly desired negotiated peace.

It was reiterated that only a complete acceptance will satisfy the United States and the allies and that an effort by the Germans to evade the issue probably would cause the president to promptly refuse to continue the correspondence.

In the report that the new note would contain a defense of submarine warfare as a retaliatory measure the prospect was seen of an attempt to re-open this whole question — the question which brought the United States into the war. Such an attempt would be regarded here simply as another evidence of the failure of the Germans to understand to acknowledge the basis of the American objection to their kind of warfare.

### Text of Note

The text of the note handed to the Swedish minister follows:

"Sir: 'I have the honor to acknowledge the receipt of your note of the seventh instant in which you transmit a communication of the imperial and royal government of Austria-Hungary to the president. I am now instructed by the president to request you to be good enough through your government to convey to the imperial and royal government the following reply: 'The president deems it his duty to say to the Austro-Hungarian government that he can not entertain the present suggestions of the government because of certain events of utmost importance, which, occurring since the delivery of his address of the eighth of January, last, have necessarily altered the attitude and responsibility of the government of the United States. Among the 14 terms of peace which the president formulated at that time occurred the following: 'X. The peoples of Austria-Hungary whose place among the nations we wish to see safeguarded and assured, should be accorded the freest opportunity of autonomous development.'"

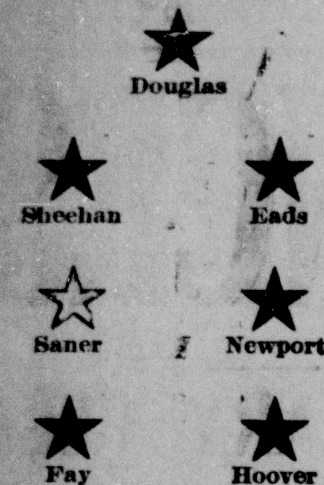

"The president is therefore, no longer at liberty to accept the mere 'autonomy' of these peoples as a basis of peace, but is obliged to insist that they, and not he, shall be the judges of what action on the part of the Austro-Hungarian government will satisfy their aspirations and their conception of their rights and destiny as members of the family of nations. Accept sir the renewed assurances of my highest consideration."

(Signed) "ROBERT LANSING". In communicating his reply, Secretary Lansing also made public the official text of the Austro-Hungarian note. It follows: "Legation of Sweden, Washington, D. C., Oct. 17, 1918, (translation): 'Excellency: 'By order of my government I have the honor confidentially to transmit herewith to you the following communication of the imperial government of Austria-Hungary to the president of the United States of America: 'The Austro-Hungarian monarchy which has waged war always and solely as a defensive war and repeatedly given documentary evidence of its readiness to stop the shedding of blood and to arrive at a just and honorable peace, hereby addresses itself to his lordship, the president of the United States of America, and offers to conclude with him and his allies an armistice on every front on land, at sea, and in the air, and to enter immediately upon negotiations for a peace for which the fourteen points in the message of President Wilson to congress of January 8, 1918, and the four points contained in President Wilson's address of February 12, 1918, should serve as a foundation and in which the viewpoints declared by President Wilson in his address of September 27, 1918, will also be taken into account.' 'Be pleased to accept, etc. (Signed) 'W. A. F. EKENGREN. 'His excellency, Mr. Robert Lansing, secretary of state of the United States, Washington, D. C.'"

BASEL, Switzerland, Oct. 18.—Friday.—The Vienna newspapers state that the Roumanian deputies in the Austrian parliament have constituted a separate national assembly.

## The JOURNAL'S SERVICE FLAG

and give Illinois a State-wide system of 4800 miles of dependable hard roads extending into every county in the State and touching almost every town of over 2000 without one penny of taxation on any property of any kind except the license fees collected from owners of motor vehicles.

If you do not mark your ballot YES, you will be counted as voting NO. Failure to vote on the proposition is equivalent to voting against it.

**A RIGHT DECISION**

President Rammelkamp of Illinois college has from the very first been active in war work as related to colleges. Because of his enthusiasm supported by the trustees, Illinois college was one of the first in the country to place all its equipment and facilities at the disposal of the government. His interest in the Students Army Training Corps movement has been of a most active and helpful kind and it is not surprising that the war department has recently been desirous of securing his services. However, Dr. Rammelkamp has decided that while the general war work has his attractions, that his most pressing duty is here at Illinois college. Jacksonville people and friends of the college will agree with and approve this decision.

### QUALIFIED FOR PUBLIC SERVICE.

The Republican candidate for sheriff is Vincent Riley, and no Morgan county resident is held in greater respect.

Mr. Riley has spent all of his life in this county and for a period of years was a successful farmer. More recently he has been associated in the ownership and management of the Norbury sanatorium and his good record of the past has been equaled there. He believes in law enforcement, and if elected by the voters of this county can be depended upon to measure up fully to the duties of his position. The other candidates on the Republican ticket also merit support at the coming election and from time to time between now and November 5, they will be brought to the attention of the voters, with the full knowledge that the Republican party this year is very fortunate in its list of candidates.

### THE FARMERS AND THE BAD ROADS

Surely there is no good reason why any farmer should vote against the proposition to issue bonds to build a State-wide system of hard roads out of automobile license fees collected by the State. The system will not cost the farmer or any one else one penny unless he owns a motor vehicle. If he owns an auto the hard roads will save him more each year than he pays for his license and in addition he will be able to get around the State quickly whenever he wants to. Whether he owns an auto or not, the hard roads will facilitate and lessen the cost of his hauling and help him in many other ways.

Maybe the routes of the hard roads do not pass his farm. Even so, he will be able to get on a hard road by going a few miles and then, if this system is adopted, it is only a matter of time until other routes will be projected, and under the Tice law the county can build hard roads to connect with the bond roads.

All the roads to be built under the bond issue will be constructed in the farming districts and small towns. Not a dollar will be expended in a town of over 2500 population.

This is a rare chance to commence pulling Illinois out of the mud and to adopt a measure that will in the near future put hard roads into the farming districts without taxing the farmers.

**VOTE YES** on the Little Road Improvement Ballot on Nov. 5. If you do not mark the ballot YES you will be counted as voting NO.

### JACKSONVILLE'S FIRE DANGER.

If a disastrous fire occurs in Jacksonville in the course of the next few months the citizens will certainly regret that they took no step to make possible the maintenance of a fire department. Commission Martin is spending practically all of his time with the fire department, is ready to drive one of the trucks or to do any other necessary work. He has but three men serving in the department and one of these men wants to leave. If the old horse drawn equipment were now in use instead of the motor driven apparatus there would not be enough men to take it to a fire.

The only possible remedy for the situation seems to be for a group of business men to advance the money for the payment of fire department salaries, taking the approved bills against the city as security for their loans. There should be eleven men in the department and to be at all within the danger zone there must be eight. Using this latter figure as the absolutely necessary number, \$5,000 would pay the salaries of the men until May 1, when the new administration begins.

Certainly thirty or forty business men of Jacksonville can be found who are willing to advance \$150 to \$200 each toward such a fund and to wait two or three years for the repayment of the money, if that be necessary.

"Lend your money to your city" might be the slogan for such a group of business men. In fact, they would be lending it to themselves, for their own protection. Jacksonville is in a really dangerous situation in this matter of fire protection, for it is during the fall and winter months that there is the greatest likelihood of fire losses.

It would be better to lend a few hundred dollars now than to lose a few thousands by fire losses later on.

### WARDING OFF DISEASE.

Jacksonville is fortunate indeed in the small number of cases of influenza which have

thus far occurred. But more serious days may be coming for several thousand additional cases are reported in the State. In view of the danger, the following suggestions printed in another paper are well worth earnest attention.

It is suggested by the doctors that the following be observed to the very letter.

Avoid gatherings of all kinds.

Stop the children from playing together on the streets.

Keep the children at home.

People in talking to each other keep at a safe distance from each other. You do not know what the person talking to you may be developing influenza.

Physicians say that everyone should provide some "first aid" and preventive medicines, the following being suggested:

As a preventive, some good antiseptic as a gargle and throat spray, to be used three or four times a day. One doctor suggested Dobell's solution or Eucalyptine.

As first aid remedies the following are suggested: Calomel tablets, aspirin tablets, castor oil, mustard, paregoric. Be prepared to make hot lemonade and give hot milk if possible.

It is the consensus of opinion that the administration in the first day of two of the disease of hot drinks, such as hot lemonade, hot milk, hot broth or soup are very beneficial in helping the patient to throw off the disease by copious sweating.

One of the chief reasons for people to observe, according to doctors, is to avoid exposure of the body of the patient at all times. Allow no one in the sick room but the necessary attendant. Instruct the patient at all times to cough or sneeze into old rags that may be burned, if it is used they should be boiled before use by anyone else.

"People should not go ahead and administer the remedies mentioned without consulting a physician over a telephone. This will save the strength of the doctor until he can reach the patient," said one physician today.

### A GREAT CROP RECORD.

The threshing report for Morgan county shows 1,877,183 bushels of small grain produced this year. The crop undoubtedly had a value of more than three and a half millions. This is the largest sum of money that has ever come to the farmers of this county from the wheat and other small grain produced in one season. The returns from the corn crop give promise of being equally satisfactory and the sum total for the year is certainly good record. Why shouldn't the county war record be right?

### PATRIOTISM WILL HAVE REWARDS.

The Liberty Loan campaign closed in Morgan county last night with the figures showing that the county quota of \$1,746,000 has been exceeded. This announcement is a surprise to no one for it was all along conceded that while the campaign was moving a little slowly that before the "curtain had gone down" the county would live up to its reputation. The people who have invested so liberally in bonds have the double satisfaction of knowing that they have met the demands of loyalty and at the same time have made a most excellent investment.

News from the European battlefield constantly gives more color to the hope that Germany is ready to quit that there will be no spring drive at the war front and that a few months hence permanent peace will be established. When that time comes the bonds that Morgan county people have been buying will be worth more than they originally cost. So patriotism is really going to bring a financial reward.

### CONSTITUTIONAL REVISION UP TO THE PEOPLE.

It is true that the war is not over but the news from the battle front is most cheering. The general opinion is that the war had come to the beginning of the end and that a few months hence will see the return of "our boys." Their coming and the general readjustment of business which must be a part of the after-war period especially call for a consideration of the revision of the constitution of this State.

That is the meaning of the proposition of a constitutional convention. If a majority of the people who vote in the coming election are in favor of the measure delegates will later be elected to a convention where revision of the constitution will be considered. Whatever changes or additions it is proposed to make will then be submitted to the people.

These changes and additions may be considered separately or the constitution in its new form voted upon as a whole. But the point is that a vote for a constitutional convention at the election Nov. 5 does not delegate to any individual or individuals the authority to revise the constitution. That power remains with the people where it belongs, and no changes of any kind can be made without a favorable vote by the people at a general election.

### Rippling Rhymes By Walt Mason

Yankee Pop.

The war was old and dreary, it ceased to make a hit; the struggling hosts were weary of blood and mud and grit; then came the Yankee fighters (laughed at by German writers as brash and untrained blighters) to speed things up a bit. The Kaiser would not credit the tale that Yanks

could scrap; he cooked up bunk and fed it to every German chap; because we were not willing to spend our lifetime d rillins, we'd be no god at killing or tearing up the map. The war was stale and dragging, the armies badly mixed; the generals were sagging, the soldiers sick and tired; then came the Yankees trooping, a-whistling and kerwhoooping, to spar the spirits drooping, with energy all-fired. And now, behold the wonder, the tired old Allies rose, and like a streak of thunder went zipping thru the foe; they sent the Bulgar chasing, the Turk they gave a lacing, and started Fritzle racing until he tore his clothes. The Yanks are blithe, and skittish, in camp or in the trench; "They're wonders," say the British; "They're heroes," say the French; the Allies all are laying the roses where they're straying; but what the Kaiser's saying possesses sulphur's stench.

### THIS DATE IN HISTORY

October 20, 1864—Union Rally and Barbecue at Athens, Menard County, Illinois. Twenty beehives were donated for the purpose.

### DEATHS

**Medlock.**  
Richard Medlock an elderly citizen of the vicinity of Chaplin died Friday night of paralysis. He was 73 years of age and had been in delicate health for some time.

### Bowers.

J. W. Finch has heard of the death of a little child of his cousin, Donald Bowers of Bowen, Ill.

### Brookhouse.

William Brookhouse of Concord received word of the death of his brother, John in Kansas and left for that place to attend the funeral. The deceased was afflicted with Bright's disease.

### Cull.

Thomas Cull died Friday morning at the home of his daughter in Peoria. He was 84 years of age and death was due largely to infirmity. He was a former resident of Chaplin and the body was sent to the residence of his son, James, in the vicinity of Chaplin.

### White.

Mrs. N. V. Graham received word that her grandson, C. H. White, son of Mr. and Mrs. Walter White died at Camp Taylor Saturday morning of pneumonia. He enlisted last May in the cavalry and was sent to Ft. Riley, Kansas and later was sent to Ft. Knox, Kentucky. At the time of his enlistment he was a student at the high school and was only seventeen years of age. The body is expected to arrive in the city Monday and funeral arrangements will then be made.

### Van Arsdale.

Mrs. Beatrice Van Arsdale of Woodson is, in receipt of a letter from her nephew, Leslie Van Arsdale of Pueblo, Colo., telling of the death of the latter's brother, Charles Van Arsdale, which occurred in Kansas City October 8. The deceased had been ill for four days and death was due to an attack of bronchial pneumonia which followed an attack of influenza.

### Birth Record

Born to Lieut. and Mrs. Forest Siefkin at laughter, at the home of Alfred T. Capps, Mrs. Siefkin's father.

### B. F. WRIGHT SUFFERS PARALYTIC STROKE

B. F. Wright of Springfield, a former resident of this county, recently suffered a paralytic stroke, according to a message received by his niece, Mrs. O. E. Tandy of this city. Mr. Wright, is a brother of Mrs. U. Boulware and A. H. Wright of Franklin.

### PERSONALS

Mr. and Mrs. William Kreider and son Howard motored to Jacksonville yesterday from Springfield and spent the day with friends. Mr. Kreider who is chief electrician at the state house, came here on business.

Oliver Lindsay and family of Liberty are all ill with Spanish influenza.

### LEAVES FOR FT. RILEY.

Capt. Allen M. King is to leave today for Ft. Riley, Kansas, where he will enter the medical training school for officers, the course to last from six weeks to two months.

### Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition

7 A DAY FOR 7 DAYS

Don't blame the man who is worn out; he is not a weakling, more red corpuscles and his brain and nerves are craving for food.

Given the right kind of medicine any tired-out, inactive, lagging fellow can quickly be made into a real, live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn out and who find it hard to get up ambition enough to take a regular job to get a package of Bio-feren at any drugist.

This is the new discovery that pharmacists are recommending because it is not expensive and speedily puts vigor and ambition into people who despaired of ever amounting to anything in life.

People whose nerves have been wrecked by too rapid living, too much tobacco or alcohol, have re-

gained their old-time confidence and energy in less than two weeks.

No matter from what cause your nerves went back on you; no matter how run down, nervous or tired out you are, get an original package of Bio-feren at once. Take two tablets after each meal and one before bed time—seven a day for seven days—then one after each meal till all are gone.

Then if you still lack ambition, if your nerves are not steady and you haven't the energy that red-blooded, keen-minded men possess, your purchase money will be gladly returned.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium, Glycerophosphate; Iron Ext. Nux Vomica; Powdered Gentian; Phenolphthalein; Oleoresin; Capsicum; Kola.

### SCOTT COUNTY WORKS FOR WAR FUND

Precinct Allotments Made and Campaign Under way — Dr. Leib Gets Army Commission.

Winchester, Oct. 19.—Dr. Henry Leib has received his commission as second lieutenant and will leave Sunday for service at Camp Lee, Va. He is a well-known veterinary surgeon of Scott county.

Mrs. William Wainwright is ill at her home here.

Clyde North has arrived home from the Rahe auto school at Kansas City, for a furlough visit with relatives here. This is his first visit home since August 3.

George Mader arrived home Saturday morning from Canton, Ohio, where he has been holding an excellent position. He was one of the forty-two young men who were expecting to leave Tuesday for Camp McArthur, Waco, Texas, and left Canton before he knew that the call had been cancelled for the present.

Ray McLaughlin has arrived at home from Moline on account of illness.

Mr. and Mrs. Dan Coutas of Decatur are here this week to visit Mrs. Coutas' brother, Douglas Tankersley, who is seriously ill.

George Stuart and family returned Friday from St. Louis, where they have been visiting relatives.

Mr. and Mrs. Thomas Claywell have been called to Camp Taylor by the serious illness of their son, Dole Claywell.

As previously noted, the united war work campaign is already well under way in this county.

The following is the apportionment for each precinct in the county, together with the names of the various precinct chairmen:

Alsey—\$500, Charles D. O'Donnell.

Bloomfield—\$400, Carl W. Simmons.

Bluffs—\$1,300, Henry Knoepfel.

Exeter—\$700, William Redshaw.

Glasgow—\$800, Hardin Young.

Manchester—\$900, Louis C. Funk.

Merritt—\$500, chairman not named.

Naples—\$500, Merton Abbott.

Oxville—\$500, Henry Rolf.

Point Pleasant—\$400, Elmer McCullough.

Sandy—\$300, chairman not named.

Winchester—\$2,200, John Leib and P. D. Smith.

Total—\$11,000.

Joseph Grout, who has been ill for some time, was not quite so well Saturday.

### WITH THE SICK

Mrs. Ollie Pires Gaddis is ill with influenza at the home of her mother, Mrs. Albert DeFries on Sandusky street. Alden and Ellsworth Pires and Frances Gaddis are also sick with the same malady.

Mrs. Alice Taylor of East State street, received word from Camp Custer, that her son, Clarence R. Taylor, is just getting over the influenza.

Frank Murphy on Doolin avenue is numbered among the influenza victims. He is not very seriously ill and hopes soon to be out.

Irvin McCarty is sick at the home of his mother, 816 West Morton avenue.

### BIRTH RECORD

Born to Lieut. and Mrs. Forest Siefkin at laughter, at the home of Alfred T. Capps, Mrs. Siefkin's father.

### B. F. WRIGHT SUFFERS PARALYTIC STROKE

B. F. Wright of Springfield, a former resident of this county, recently suffered a paralytic stroke, according to a message received by his niece, Mrs. O. E. Tandy of this city. Mr. Wright, is a brother of Mrs. U. Boulware and A. H. Wright of Franklin.

### PERSONALS

Mr. and Mrs. William Kreider and son Howard motored to Jacksonville yesterday from Springfield and spent the day with friends. Mr. Kreider who is chief electrician at the state house, came here on business.

Oliver Lindsay and family of Liberty are all ill with Spanish influenza.

## Banking Service for Americans Overseas

This is a question that no doubt has presented itself to many men who expect sooner or later to find themselves abroad in the service of Uncle Sam.

**"What is the best possible arrangement I can make with regard to money, and my private business?"**

If you have been accustomed to the convenience of a checking account, or would like to open one, you may wish to know what arrangements can be made to continue your account here, and at the same time be able to draw upon it "Over There".

You may expect to allot a certain amount of your pay for credit to your own account here, or for transmission to a relative. Can this be arranged?

You may wish to keep a certain amount of current funds with you, in whatever country you find yourself, and do this with a minimum risk of loss. All these affairs now can be readily arranged.

**We are able to give to Americans overseas all the facilities of an American bank—you may take your check book with you and use it as you would at home.**

It is this bank's desire to be of the greatest possible assistance to those serving the nation abroad, and we shall welcome an opportunity to talk over with you, and arrange for you, necessary and convenient money affairs.

## Elliott State Bank

No transaction too insignificant for our careful attention; none too great for our organization safely to handle.

## The Naylor Garage Don't Overlook This Item

I have on hand **FOUR USED MAXWELL CARS**, all in first class order, ready for business. Also One **Demonstrator** in first class order. The little Maxwell is economical in every way and that means money saved to buy Liberty Bonds.

I also have some different sizes of Casings that I am closing out and some Inner Tubes, all at prices that will sound good to you. Now don't overlook this item: it means dollars saved.

REV. L. B. RICHARDS AND WIFE HERE

Rev. and Mrs. L. B. Richards of San Antonio, Texas are guests at the pleasant home of Mr. and Mrs. H. M. Andre on West College avenue. Mr. Richards was at one time the capable rector of Trinity Episcopal church of this city but has been away for some years. He is now rector of Christ church, San Antonio, and is engaged in the work which every true minister of the gospel enjoys if successful and that is building up a church that needs revitalizing and strengthening. A friend of the gentleman received a letter from San Antonio and the writer spoke in the highest terms of Mr. Richards and remarked also that the bishop of the diocese living in San Antonio, said Mr. Richards was an inspiration to all with whom he came in contact. He and his wife expect to return to their field of labor next Tuesday after a vacation of a few weeks.

On account of the prevalence of influenza the Catholic Ladies Aid will not meet until further notice.

**Vigor**

**SUCCESS IS ACHIEVED**  
by vigorous men and women. When one is lacking in strength and endurance, when good health is wanting, when physical power is at low ebb, it is impossible to accomplish one's work. One of the causes of ill health and low vitality is the improper functioning of the kidneys. Trouble results when they fail to eliminate waste and poisonous matter from the system, and rheumatic pains, backache, stiff joints, sore muscles, and other symptoms quickly follow. **Foley Kidney Pills** banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. "H. D. Casleberry," Marine Engineer, Port Vincent, La., writes: "I consider Foley Kidney Pills the greatest medicine for kidney and bladder trouble I ever used. I recommend them to all who suffer with kidney and bladder trouble." **J. A. OBERMEYER CITY DRUG STORE**

## June Brings Happiness With The Dawr

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy prenatal disposition has upon the health and future of the generation to come. There is a splendid preparation woman for over half a century has applied before the work's arrival, known as Mother's Friend. This is a most powerful, penetrating remedy that at once softens and soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, heartburn, pain, strain and general discomfort more often than otherwise experienced when nature is impeded. By the use of Mother's Friend night and morning the muscles relax with ease when the work comes, the child is born healthy and danger is naturally avoided. Write the Bradford-Regulator Company, 111 Lamar Building, Atlanta, Georgia, for Mother's Friend, and obtain a Mother's Friend from the druggist nearby, and get like condition to meet the day.

## NOW FIRST LIEUTENANT.

Mr. and Mrs. William Bishop of Litterberry have received word that their son John Bishop, has been appointed to first lieutenant in the medical corps. He is now located at the base hospital at Mineola, Long Island, New York.

TELEGRAPH  
BRIEFS

SAN FRANCISCO, Cal., Oct. 19.—The twelfth federal reserve district with a quota of \$102,000,000 has gone over the top by a small margin it was announced here tonight by George W. Weeks campaign manager.

ROCKFORD, Ill., Oct. 19.—Nearly 100 deaths from pneumonia occurred during the week,

it was announced tonight

CAMP LEE, Va., Oct. 19.—Lieutenant William W. Weber of Brighton Mass., and Sergeant James Feeney of Clyde, Ohio were killed and 13 other soldiers injured here today in an accidental explosion in a sham battle.

AMSTERDAM, Oct. 19.—The despatch of Germany's note has been delayed, owing to a difference of opinion which occurred at the eleventh hour according to a despatch received here from Berlin. It is said that Germany will make a very conciliatory of-

fer regarding the suspension of submarine warfare, and will probably recall conditionally all submarines.

ATLANTA, Ga., Oct. 19.—With a tabulated total of \$200,000,000 the Atlanta federal reserve district has oversubscribed its quota of \$192,000,000 to the fourth liberty loan.

AMSTERDAM, Oct. 19.—The German reply to President Wilson will be conciliatory but will give the Allies to understand that Germany is not ready to bow to a peace that will destroy her future, according to the Cologne

Gazette. Germany, the newspaper says is ready for a peace of right but not for a peace of might.

BASEL, Switzerland, Oct. 19.—The answer of Germany to President Wilson's last note will probably be published Sunday afternoon.

ROCKFORD, Ill., Oct. 19.—Liberty Loan subscriptions at Camp Grant totalled more than \$800,000 this afternoon and it was said that \$1,000,000 would be passed when the tabulation of the late returns was completed.

ROME, Oct. 19.—Italian shock troops north of Lake Idro on the Northern Italian front yesterday attacked the Austro-Hungarian advanced posts and inflicted heavy losses on the enemy the Italian war office announced today.

GENEVA, Oct. 19.—(By The Associated Press.)—Germany's reply to President Wilson will be dispatched this evening according to information here today from a diplomatic source.

Altho the German press is prohibited from discussing the matter it is understood that Germany accepts President Wilson's conditions generally with one exception. She declares that the submarine warfare must continue until the war's end. She denies having inflicted cruelties or carried out devastating measures beyond the scope of military necessities.

AMSTERDAM, Oct. 19.—Germany, according to a Berlin telegram says Germany's reply to President Wilson will most strongly protest against the accusation of crime and suggest that it would not be a bad idea to propose an investigation of those cruelties.

FRANK L. SMITH  
NAMED SUCCESSOR

BLOOMINGTON, Ill., Oct. 19.—Frank L. Smith of Dwight, Ill., was nominated at one o'clock today to take the place of John A. Sterling, deceased, on the republican ballot for representative in congress from the seventeenth district. He received the entire five votes of the party managers, who assembled here to make the nomination. They are Frank O. Corwin, of Lincoln; Frank Lindley of Paxton; Ira Lish, of Saukemin, and Frank Simlar of Mazon.

Previous to the open meeting held at the Illinois hotel, a caucus was held during which time there was a deadlock for seven hours. Smith having two votes, Homer Hall two, and Hal M. Stone one. When the formal ballot was taken there was an unanimous vote for Mr. Smith, following which he made a short address.

## FOOD PRICES INCREASE.

Washington, Oct. 19.—Retail prices of food stuffs increased four per cent from Sept. 15 to Oct. 15, 14 per cent from Sept. 1917 to Sept. 1918, and 72 per cent from Sept. 1913 to Sept. 1918, the bureau of labor statistics announced today. The increases were determined from reports by retail dealers of 28 articles of food.

Visitors from Crackers Bend in the city yesterday were Joe Sith and family.

HEAVY ARTILLERY  
ACTION AGAINST YANKS

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 19.—By The Associated Press.—The enemy augmented his already strenuous resistance against the American advance by heavy artillery action today. This was responded to in kind so that a duel of big guns was in progress all along the line.

The German guns were active during the night especially east of the Meuse where roads in the rear of the front lines were shelled intermittently. One huge gun, fired several times at Fort Douaumont, was found to be mounted on a railroad car.

Fighting raged all day in Loges Wood, the northern part of which the Germans had succeeded in penetrating again because of the withdrawal of the American troops last night on account of the gas in the wood. Despite his opposition the enemy was driven back everywhere and could only retaliate with a harassing artillery fire of the American lines and systems of communication.

Beyond the Grand Pre and Loges fighting activity was chiefly confined to incessant patrolling on all parts of the line. On the centre especially, the patrols were active until dark. Increasing evidences were found that the new Freya-Stelling position, a few kilometers northward, since the Krimhilde is menaced by the American occupation of Bantheville, will be the Germans next line.

## RED MEN ELECT

Springfield, Ill., Oct. 19.—Great chiefs of the state, I. O. R. M., in session here today elected officers for the state, as follows: Great Sachem—M. C. Cook, Duquoin.

Great Senior Sagamore—J. A. Kapps, Chicago.

Great Junior Sagamore—Dr. J. B. Watts, Springfield.

Great Prophet—C. N. Saum, Watseka.

Great Chief of Records—O. L. Witmer, Springfield.

Great Keeper of Wampum—William Delay, Danville.

Representative of the great council—C. N. Saum, Watseka; F. W. Jones, Bloomington; J. A. Sweet, Marshall.

Great Trustees—A. A. Lawson, Springfield; W. K. Gaines, Metropolis; C. E. Harrington, Danville.

"PATRIOTISM MEANS HARD WORK."

New Jersey War Organization Explaining to Women What They Can Do to Help Win the War.

"Patriotism is only 1 per cent cheering and waving flags; patriotism is 99 per cent hard work. This is the announcement with which the New Jersey division of the women's committee of the Council of National Defense introduces its circular, "Are You a Woman Slacker?"

The war services outlined for women include: Red Cross work; food conservation and production; patriotic education and Americanization of aliens; protection, both physical and moral, of the thousands of women who must be pushed into new industries through the departure of the men for the war; child conservation, that the children shall not suffer by the upheavals of war; efficiency in home service; the giving of money, of strength, and of devotion in ungrudging spirit. This program will supplement work being done by the Department of Labor.

"The attitude the women with soldier spirit is, 'Stand at attention, receive government and obey,' declares the circular. "Remember the war does not take any vacation."

## U. S. STEAMER SUNK

New York, Oct. 19.—The American steamship Lucia, which was equipped with buoyancy boxes and supposed to be unsinkable has been sunk, according to word received here today in shipping circles. She was torpedoed by a submarine in the Atlantic but details as to the date of the sinking and the fate of the crew are lacking.

## CONTRADICTS AUTHORITIES

New York, Oct. 19.—Health Commissioner Copeland tonight contradicted health authorities in Washington who estimated the number of cases of influenza in New York at 500,000 and fixed the number at less than 125,000.

"If you cut the Washington figure in half and then cut that in half, you still have more than the total number of cases in the city since the epidemic started," Dr. Copeland said.

The Whisper That  
Comes in the Night

The Clodius Knowledge Women Gain When a Wonderful Thought Steals Over Them.

Happiness is its most thrilling secret to women with the thought of possessing a baby.

Every woman in the joy of coming motherhood should prepare her system for the unusual strain. Three generations have found the tried and reliable preparatory dobor's Friend, the greatest help at such a time. By its daily use throughout the period, the skin of the abdomen is made soft and elastic, expanding muscles relax when baby arrives, and pain at its crisis is in this way avoided.

The inflammation of breast glands is avoided from your druggist, by all means his great preparation which science has created for so many years to expectant mothers.

Write the Bradford Regulator Company Dept. D, Lamar Building, Atlanta, Georgia for their helpful and interesting Motherhood Book, and begin the use of Mother Friend. It is for external use, is absolutely safe and wonderfully effective. And remember, there is nothing to take the place of MOTHER'S FRIEND.

## INFLUENZA

## How to Avoid It—How to Care for Those Who Have It

The following suggestions of the Chicago Department of Health may prove of immeasurable value to any man or woman who will read, remember and act upon them in the present great emergency. The counsel here set forth was prepared by the Massachusetts State Department of Health, after consultation with some of the ablest medical men in America. If you will follow the instructions of this official bulletin you will be doing your duty to your fellow men, to your country and to yourself.

## What to do Until the Doctor Comes

If you feel a sudden chill, followed by muscular pain, headache, backache, unusual tiredness and fever, go to bed at once. See that there is enough bed clothing to keep you warm and make you sweat. See that you get plenty of fresh air. Take medicine to open the bowels freely. Take some nourishing food, such as milk, egg-and-milk or broth, every four hours. Stay in bed until a physician tells you that it is safe to get up. Allow no one else to sleep in the same room. Protect others, by sneezing or coughing

into handkerchiefs, or cloths, which should be boiled or burned.

Insist that whoever gives you water or food or enters the sickroom for any other purpose shall wear a gauze mask, which may be obtained from the Red Cross or may be made at home of four to six folds of gauze and which should cover the nose and mouth and be tied behind the head.

Remember that these masks must be kept clean, must be put on outside the sickroom, must not be handled after they are tied on and must be boiled thirty minutes and thoroughly dried every time they are taken off.

## TO HOUSEHOLDERS

Keep out of the sickroom unless attendance is necessary.

Do not handle articles coming from the sickroom until they are boiled.

Allow no visitors and do not go visiting.

Call a doctor for all inmates who show signs of beginning sickness.

The usual symptoms are: Inflamed and watery eyes, discharging nose, backache, headache, muscular pain and fever.

Keep away from crowded places such as movies and theaters.

See to it that your children are kept warm and dry, both night and day.

Have sufficient fire in your home to dispense the dampness.

Open your windows at night. If cool weather prevails, add extra bed clothing.

## TO WORKERS

Walk to work is possible. Avoid the person who coughs or sneezes.

Wash your hands before eating.

Make full use of all available sunshine.

Do not use a common towel. It spreads disease.

Should you cough or sneeze, cover nose and mouth with handkerchief.

Keep out of crowded places. Walk in the open air rather than go to crowded places of amusement.

Sleep is necessary for well-being—get nine hours of it. Avoid overexertion.

Eat good, clean food.

Keep away from houses where there are cases of influenza.

If sick, no matter how slightly, see a physician. If you have influenza, stay in bed until your doctor says you can safely get up.

## T ONURSES

Keep clean. Isolate your patients.

When in attendance upon patients, wear a mask which will cover both the nose and the mouth.

When the mask is once in place, do not handle it.

Change the mask every two hours. Owing to the scarcity of gauze, boil for a half hour and rinse then use the gauze again.

Wash your hands each time you come in contact with the patient. Use bichloride of mercury, 1-1000, or Liquor Cresol compound, 1-1000, for hand disinfection.

Obtain at least seven hours' sleep in each twenty-four hours. Eat plenty of good, clean food.

Walk in fresh air daily.

Sleep with your window open.

Insist that the patient cough, sneeze or expectorate into cloths that may be disinfected or burned. Boil all dishes. Keep patients warm.

Published by request of Red Cross Influenza Committee.

E. P. BROCKHOUSE, Chairman.

Dollar Making  
Facts For All  
Hog Raisers

of the most SUCCESSFUL HOG RAISERS of Morgan Co., who are feeding "SU-CRENE" HOG MEAL, would indicate that the MISSING LINK in the balanced ration has been discovered.

It is now an accepted fact that "SU-CRENE" HOG MEAL supplies the MINERALS that the hog needs to properly balance the food that it eats.

## PROFITS TO FARMERS

The profit that a farmer derives from feeding "SU-CRENE" HOG MEAL is the main issue of my business, and that is the reason so many hog raisers are feeding "SU-CRENE".

The farmer buys "SU-CRENE" HOG MEAL because it makes him money, and it is the first time he has had an opportunity to buy something of this sort, which he in turn will sell to the Packer in the shape of BIGGER HOGS, MORE PORK, MORE PROFIT.

## WHY FEED "SU-CRENE"?

The farmer buys "SU-CRENE" HOG MEAL for the same reason that you would purchase a dollar bill if one were offered you at 50c, and you were positive that the DOLLAR BILL WAS GENUINE.

"SU-CRENE" HOG MEAL aids in fattening hogs, and in bringing the hog to its NORMAL growth in the QUICKEST possible time.

## ALL ELEMENTS SUPPLIED

A brood sow, properly fed on "SU-CRENE" HOG MEAL, will not eat her pigs, because "SU-CRENE" supplies the mineral elements the sow requires to satisfy any unnatural appetite.

When fed on "SU-CRENE" the sow will give 20% more milk, and her pigs will be bigger and plumper.

## WHEN TO COMMENCE

Young pigs should be started on "SU-CRENE" when four weeks old. Later give them as much as they will clean up, three times a day, dry or slopped. This will prepare them for weaning so they will not receive severe shock when taken from sow; and they will go to the MARKET 60 TO 90 DAYS SOONER.

## AN ACTUAL SHOWING

In my advertisement last Sunday I told you that each ton of "SU-CRENE" HOG MEAL will produce 600 POUNDS OF PORK.

The following table will show you the wonderful profits derived from its use:

30 lbs. Pork at 17c per lb. \$ 5.10  
Cost of 100 lb. bag "Sucrene" Hog Meal 3.25  
Net profit on each 100 lb. hog meal fed 1.85  
Net profit on each ton fed 37.00

TO RE-ORGANIZE  
REVENUE BUREAU

WASHINGTON, Oct. 19.—In preparation for collecting about eight billion dollars in taxes next year under the revenue act now being framed, internal revenue commissioner Roper is planning reorganization of the revenue bureau into five distinct divisions and it is understood to have decided on the deputy commissioners to direct some of these divisions. At the head of the branch in charge of administering income and excess or war profits taxes will be Homer S. Pace, widely known New York accountant. Supervising collection of taxes on distilled spirits and tobacco will be William P. D. Haley until recently revenue collector at Lexington, Ky. C. B. Hurrey, now supervisor of business cooperation for the revenue bureau probably will be made deputy commissioner in charge of general administration division. The sales tax division is understood will be directed by B. C. Keth, now a deputy commissioner in charge of this work. A fifth division handling taxes on estate, capital stock and valuation of securities will be created.

## PERSHING'S REPORT.

Washington, Oct. 19.—American troops operating with the British in the attack north of Wassygn have reached the Sambr-Oise canal General Pershing reported in Saturday's communiqué received late tonight. Heavy infantry fighting occurred during the day west of the Meuse while at other points on the battle front there was heavy artillery and machine gun fire.

Seventeen German airplanes were brought down by American aviators Friday, the communiqué stated, four and a half tons of bombs were dropped by American bombing units of Buzancy, Bayonville and Remcville.

## BRINGS DOWN PLANE

With the American Forces Northwest of Verdun, Friday, Oct. 18.—By The Associated Press.—Lieutenant Cleveland McDermott of Syracuse, New York, is credited with bringing down a German aviator Friday afternoon north of St. Mihiel, after McDermott and other American pilots had chased the enemy bi-plane over the American lines and crowded in behind him, cutting off his escape.

WITH THE COLORS

Concerning Earl Francis Smith's Death.

The following letter has been received by Alfred Smith from E. B. Vanderwert, the lieutenant commander of his brother, the late Earl Francis Smith, whose death by drowning occurred some time ago:

U. S. Naval Auxiliary Reserve, Municipal Ferry Terminal, New York, N. Y. Oct. 16, 1918.

Dear Mr. and Mrs. Smith: I am in receipt of your letter and I at once answered by telegraph. I can not express to you the sorrow I feel in confirming the report of your brother's death. We were in collision on the night of Oct. 7, and the ship sank in a very few moments. I cannot tell you just how he perished, but probably by the boat in which he was capsizing. When we were picked up and counted, he was among the missing. I know that he was seen on deck assisting in lowering the boat, and that boat was upset at sea and he was probably struck by wreckage and stunned. I considered him one of the best men on the ship, faithful, willing and obedient at all times and always one of the first to come forward and offer himself no matter what duty called for. He gave his life in the service of his country as truly and bravely as a hero could. I know that words are empty at a time like this, but it is all I can do. To you both, and to all his family, I extend my heartfelt sympathy, for I looked on my crew as my boys and I loved them all. May Almighty God comfort you in your loss. Very sincerely yours, R. B. Vanderwert, Lieutenant Commander, U. S. N. R. F.

From Ordrain P. Fox.

Mr. and Mrs. P. W. Fox are in receipt of the following letter

from their son, Ordrain P. Fox, who is with Co. A, 7th Engineers, A. E. F. Sept. 18, 1918.

Dear Father and Mother:- Received your most welcome letter yesterday and one about a week ago also. I have been so busy lately that I had no time to write, as I had to sleep all during our spare moments. As you will know by now, we made the All-American drive which started Sept. 24 at 5 a. m. We hiked nine days to get there for the big show and arrived just in time. It is nothing to do without sleep or rest for 24 hours any time. We have been very fortunate in having our kitchen within reach at all times and have therefore never gone hungry yet. It was some drive as you well know by now. It was along a front of about 12 miles and was so fast and furious that it was hard to keep up with the advance. It was hard at first because of the mud which naturally delayed the heavy traffic. But fortunately we have a fine road now which is the route to Metz and everything can go sailing along in fine shape.

The ground we took is rolling and filled with timber and woods which made the German machine guns bad for a while. They sure stopped tho, and we have taken plenty of them as well as stores of supplies, cannon, etc. They sure have some swell dugouts. There is one about a mile from here that is filled with rooms, electric lights, fine chairs, tables, etc. And of course that is now a nice dry home for our boys. We got a donkey engine and cars as well as miles of track so now we use the German narrow gauge as well as our own. Our troops on entering one to ten caught the German reserve coming in on a train without firing a shot. There sure are plenty of prisoners, some not over sixteen years old, just little kids while others are old men. There were also some Red Cross women caught in the trenches and brought in. You would be surprised how easily they surrender, some just come on over and give up and others are waiting for you. They are of all ranks from high officer down and come marching down the road like sheep. The prisoners are used for bringing in any wounded they may find. A great many of them have their be-

longing with them and are happy to be free, at least that is what they say.

I saw an American with three Germans coming in. He was wounded and they were carrying him in to our lines without a bit of trouble. The Germans are destroying towns on their retreat and at night you can see them burning in the distance. No man's land is sure a sight at night. I don't think I will ever be interested in a Fourth of July celebration at home again, for fireworks are getting too common. The Germans, true to past reports, are mining everything. Our men have found and blown up any of them. There are plenty of souvenirs lying about but they are too burdensome to carry this early in the game. If the war keeps up there will be plenty of time for that stuff. We have a couple of German horses here in the company now and we are making good use of them. A couple of machine gunners came riding them back from a town they had taken and gave them to the company for a square meal. Some cheap horses, weren't they? Another bunch has two white horses and a carriage to drive about in. I've seen some exciting airplane flights. They sure are worth watching and some of them came down in flames. It has been raining now and then for the last 12 hours. We are thankful for one thing, we had two fine days out of the six so far. My number which you wanted is 914001. I had my sweater until this big drive started and then I lost everything I had. Try to send me the sweater and helmet, also a pair of ear muffs and insoles, the thin ones. Did you get the razor thru O. K.? Why don't you folks take up the matter of sending sweaters etc. now with the proper ones before the winter gets too much of a start? I have that last money order yet but I guess I'll spend

it to buy some toilet articles, etc. that I lost. I am writing this at the front on some borrowed paper and will write again the first chance I get. I sent a field postal card the other day which you should have by now. Fairbanks was engaged in this fight but I don't know how he came out of it. Mark and I are both O. K. and well but pretty tired. The Red Cross is sure doing great work. Help them all you can. I lost your last letters so have forgotten your questions. O, yes my enlistment date was Sept. 27, 1917. I hope this finds you all well and happy.

Your loving son, Ordrain P. Fox, Co. A, 7th Eng., A. E. F.

From Ben W. Ogle

The following letter was written to Mr. and Mrs. J. B. Ogle of 710 East North street by their son, Ben W. Ogle, a member of Co. G, 167th U. S. Inf., A. E. F. Sept. 11, 1918.

Dear Mother and all: Just a few lines today to let you know I am all O. K. and hope the same is true of you. I have just received Mary's letter of July 1 and Vallie's of June 29, and have been quite a long time in hearing from home. The rest of my mail was forwarded to the hospital so I suppose it will be quite a long time before it catches up with me again. We have been having quite a lot of rain here the last couple of weeks and it has been rather unpleasant because of that fact. No, mother, I sold my camera while I was in the hospital at Paris. You remember the pictures I sent of the boy I said was my pal? Well, he was killed in one of the recent drives. I was so sorry about it. I got back to my company in the afternoon and ate supper and

then started out after Germans in the big drive. I guess you have read all about it long ago. I am glad my allotments get there all right. I haven't been paid for five months and will have plenty of francs when I do. We don't need much money over here for the government issues tobacco. We are living pretty well and have everything we need. We captured lots of Germans this time and a great many of them asked how long it would be before we sent them to America. I have been over the top several times and this was the easiest of all.

As ever, Ben.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, hollow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for three and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

Mrs. Mary J. Blunt of South Prairie street is in receipt of the following letter from Private Carl H. Weber, 1st Army Ammunition and Artillery park, A. E. F. Sept. 19, 1918.

Dear "Mother" Blunt: I am thinking tonight that your birthday will occur in a short

time and I want to hasten to send my congratulations on your attaining your ninetieth (I believe) year. You have passed another milestone on the journey to the Blessed City of the Redeemed, and in the natural course of events but few

(Continued on Page 6)

We left before you shall be welcomed by your Saviour and shall see Him face to face.

Your life has been an inspiration to me and to the other young members of the church and your labors in the vineyard have, indeed, been most fruitful.

I thank you for your many words of encouragement and for your fervent prayers.

The little testament which you gave me will be my constant companion and help and the beautiful passages which are marked will

receive my especial attention and study. I thank you sincerely for this token of your interest in me, and certainly nothing could be more appropriate as a present to a departing soldier.

I am trusting that the work in the Sunday school and church is progressing nicely and that Brother Todd is in good health. As soon as I can find a little time in this busy life of mine I want to write to Dr. Kopperl for the Sunday school. Please convey to all my best wishes and sincere greetings and let me assure you that I will be pleased to hear from everyone.

While I am so close to the real action and within sound of the big

guns, I will not be able to write as much as I would like, but letters from home all have their note of encouragement and are most welcome.

Again with hearty congratulations and with a prayer that the noise of battle may soon cease and the glorious reign of universal peace may soon come to pass, I am,

Yours in Christ,  
Carl H. Weber

**A REPUBLICAN SENATE.**  
Washington, Oct. 18.—Election of a Republican Senate in November would make many striking changes in the chairmanships of the Senate committees.

Not only would election of a Republican Senate overthrow the present domination of the Senate by Democrats, a great majority of whom are from the South, but it would put at the head of these committees some of the greatest Republican leaders of the Upper House.

Do the people of the country prefer Clingbriam, Democrat, of Oregon, or Warren, Republican, of Wyoming, father-in-law of General Pershing as chairman of Military Affairs.

Senator, Martin, Democrat, of Virginia, is chairman of appropriations. In a Republican Senate, Warren, of Wyoming or Snodgrass, of Utah, would be chairman of this important committee.

Does the country wish Simmons, Democrat, of N. C., to continue as chairman of the Great Finance Committee, which frames all revenue bills, or do the people desire Lodge, Mass., or McCumber, North Dakota.

Do the people want Senator Culberson, Democrat, of Texas, to continue as chairman of Judiciary, or would they rather have Nelson, Grand Rarney of the Republic veteran, of Minn., as chairman.

Hitchcock, Democrat, of Neb., is chairman of Foreign Relations. This Committee will have charge of the peace treaties after the war ends. In a Republican Senate, Lodge of Mass., would be chairman of this committee, the most important in the Senate when peace terms with the Hun are considered.

In a Republican Senate, Warren, of Wyoming, or Nelson, Minn., or Cummings, Iowa would be chairman of Rules instead of the present incumbent, Overman, Democrat, of N. C.

Thomas, Democrat, Col., is chairman of Coast Defenses. He comes from a state with no ocean coast line. Fernald, of Maine, would succeed him if the Senate is Republican.

Smith, S. C., Democrat heads Interstate Commerce. He would be succeeded in a Republican Senate by Cummins, of Iowa, or Townsend, of Michigan.

The parallel could be drawn all along the line. A Republican Senate would be a guarantee to the people of able and more experienced leadership at this time.

New style muffs and capes can be made from your old style coats, capes or fur sets. Mrs. Abbott. Ill. 881.

RHINE VALLEY NOW  
PART OF WAR ZONE

Belt 250 Miles Long and Crowded With War Industries Now Forms Definite Part of Front—Many Allied Air Raids Made on Region.

London, Oct. 18.—[Correspondence of the Associated Press.]—A belt of the Rhine valley, roughly 250 miles long, from Cologne in the north to the Grand Duchy of Baden in the South, a region crowded with war industries and intersected by a railway system of vital strategic importance to the German army in France, is now a definite part of the war zone. This is one of the most striking and significant developments of the Allied campaign, and how big are its possibilities may be gauged by the vast damage, both physical and moral, already inflicted upon the enemy. It is the achievement of the Royal Air Force.

Over that region in the last three months the airmen, operating day and night, have made 249 raids, dropping 207 tons of bombs upon enemy railway centers, munitions works, oilson gas factories, electrical and engineering plants, blast furnaces, ferroconcrete, and other important military objectives.

The effect of these raids have been of incalculable benefit to the Allies. One of the first was the compulsory withdrawal by the Germans of a large number of their airplanes from the fighting front for the defense of the Rhine.

But a greater gain has been the profound and widespread depression caused to the German people, the "home front" to use the phrase of Ludendorff. Captured letters from places as widely separated as Mannheim and Cologne testify the terror and panic inspired by the raids among the civil population. Well-to-do families, in increasing numbers, are seeking the temporary security of more distant inland towns. There are indications that the flight of the wealthy is causing intense resentment among the working population who, being for the most part engaged in war industries, are exposed to almost nightly damage from the raiders.

But the terror of the German populace is not confined to the territory added to the war zone. It exists throughout the country, particularly in far-distant Berlin where preparations already have been made to defend the city against raids.

Quick Meal porcelain enameled steel ranges are enameled inside and out, making them rust proof, sanitary and easy to keep clean. They bake and cook perfectly and last a lifetime. All sizes and styles. At BRADY BROS.

## ASK ABOLITION OF STATUS OF SLAVERY

London, Oct. 18.—The Anti-Slavery and Aborigines' Protection Society has presented a memorial to the government asking for the abolition of the legal status of slavery in the former German territory in Africa now under British administration. They claim that there were approximately 185,000 slaves in German East Africa on the outbreak of war.

Among the signers of the memorial are the Bishops of Durham, Manchester, Oxford, Salisbury, Exeter, Hereford and Kensington, with other prominent clergymen, members of parliament and well known citizens.

## BUILD OCEAN-GOING TUGS IN GREEN BAY

Green Bay, Wis., Oct. 19.—Thirteen tugs, eight of steel and five of wood to be delivered to the government soon after the opening of navigation in 1919, will be built in Green Bay by the Northwest Engineering Works.

The first launching of an ocean going tug here took place August 15. The boat was completely equipped to do towing and lightering on the other side of the Atlantic. No sooner had the tug left its berth than another keel was laid.

Two hundred and seventy-five men are employed in the shipping yards here.

**OVERLAND- BERGER CO. SELL CHAS. VIRGIN CAR**  
The Overland-Berger Co. has sold Charles Virgin of Woodson, a handsome 90 Touring Overland car which will take the owner about the country in fine shape.

## PETITION 446 FEET IN LENGTH

Cleveland, O., Oct. 18.—Women street car conductors of the Cleveland Railway Co., yesterday sent a petition 446 feet long bearing 35,000 signatures of car riders to Secretary of Labor Wilson asking that their case be re-opened. Federal mediators recently ruled that the women should be relieved on the cars after November 1.

## GUILTY OF CONSPIRACY

New York, Oct. 18.—Felix Gould, an army contractor was tonight found guilty in the federal court of engaging in a conspiracy to defraud the government of income taxes on profits made in manufacturing army raincoats. David L. Podell, a lawyer, indicted with Gould was acquitted.

## MAKES ATTEMPT TO SECURE AMNESTY.

Mexico, City, Oct.—The former federal general of division, Luis Caballero, who revolted last April when the central government refused to grant his claim to the governorship of Tamaulipas, is now attempting, according to official reports, to secure amnesty. The governments terms are "unconditional surrender."

BURIAL OF AMERICAN  
AVIATOR IMPRESSIVE

Pittsburgh, Accidentally Killed in France, Was Solemn Occasion.

With the American Troops in France, October.—(Correspondence of the Associated Press.)—Airplanes swung in circles above the little chapel behind the front line during the funeral of the American aviator, Lieutenant Blair Thaw of Pittsburgh. The aviators in the filing squadrons permitted their airplanes to circle lower as the body was lowered into the grave. Little ceremony not far behind the trenches.

Lieutenant Thaw was killed when his plane developed engine trouble two thousand feet from the ground and fell, striking wires and tipping over it before it struck the ground.

Every aviator in Lieutenant Thaw's squadron who could obtain leave of absence attended the funeral. His mother and sister who were in Paris at the time of the accident also were present.

A solid phalanx of aviators from Thaw's squadron preceded the body as it was borne from the chapel by six American aviators. Serried ranks of aviation officers and men followed.

The burial was in a cemetery where lies the body of Major Raoul Lufbery, another noted American aviator. At the freshly turned grave stood a group of mechanics holding upright the propeller of Thaw's ill-fated machine as taps were sounded and the last volley was fired over the grave.

MANY NEW ORLEANS  
GROCERIES TO CLOSE

New Orleans, Oct.—More than one hundred grocery stores in New Orleans will go out of business after the manufacture of beer is discontinued on December 1 according to A. A. Larose, Secretary of the New Orleans Retail Grocer's Association. Of more than 2,000 groceries in the city about half are operated in connection with saloons. Mr. Larose states, and of this number about ten per cent almost entirely are supported by revenue from the bar.

PARIS CAFES CHARGE  
SOLDIERS HIGH PRICES

Paris, Oct.—Two of the leading restaurants at Bordeaux have been closed to American soldiers by their military authorities because of exorbitant prices. One cafe is said to have charged two American officers \$3.60 for four eggs and two small glasses of beer, while another exacted \$1.80 for a cup of coffee. Sentinels were placed at the doors to warn all men in American uniform that they were not allowed to enter either establishment.

### C. P. & ST. L. EMPLOYEES WENT "OVER THE TOP"

Shop Men, and Other Employees Make Fine Showing—Total Subscribed in Fourth Liberty Loan Is \$17,500.

The employees of the C. P. & St. L. car shops and other employees of that company made a fine showing in the Fourth Liberty Loan which closed Saturday night.

A total of \$17,500 was raised. On Friday the sum of \$12,200 had been subscribed and the quota was still short. On that day a Liberty Loan train came down from Springfield and a meeting was held at the shops in the afternoon.

After the men had heard the talks by a number of soldiers who had been "over there" they almost took the cards out of the hands of the solicitors. In a short time the sum of \$5,200 had been subscribed making the grand total as indicated above. The C. P. & St. L. employees in this city have always had a reputation for patriotism and loyalty. They upheld that reputation in the Fourth Liberty loan and may well be proud of their record.

For Sale—3 cars building lumber. Jenkinson's new building, E. North St.

### MANCHESTER MAN DIES OF INFLUENZA

Morris Caldwell Died After Week's Illness—Was Farmer and Stock Raiser.

Manchester, Oct. 19.—Morris Caldwell, aged 33 years died at his home here this afternoon at 5 o'clock of pneumonia following an attack of influenza. He had been ill one week.

Deceased was the son of Mrs. Anna Caldwell and followed the occupation of farmer and stock raiser. He is survived by his widowed mother.

Mr. Caldwell was a member of the Improved Order of Red Men of Manchester and of the Knights of Pythias of Roadhouse. No arrangements have yet been made for the funeral.

### DR. RAMMELKAMP WILL NOT ENTER WAR WORK

President of Illinois College Decides Not to Accept War Department Offer

A report has been current for several days past that there was a possibility of Dr. C. H. Rammelkamp leaving Illinois college to engage in war work for the government. Asked about the matter yesterday Dr. Rammelkamp explained that he had recently received two urgent offers from the war department to take a position in general work connected with the Student Army Training corps. Dr. Rammelkamp gave the matter serious consideration and the possibility of his acceptance went so far that the local trustees were called together for conference and certain arrangements were discussed where by college affairs would be handled during his absence.

However, after carefully considering the matter further, Dr. Rammelkamp decided it was best not to take up this general war department work and wired Washington to that effect. The president feels that certain important matters related to college affairs, and especially because the unit of the S. A. T. C. is located here, require his personal attention and for this reason his decision not to accept the war department suggestion was reached.

Friends of the college will be of one mind in expressing their approval of the decision reached by Dr. Rammelkamp, as his presence seems very essential there.

### COL. HUNTOON IN LIBERTY LOAN WORK

Col. George H. Huntoon, formerly of this city and now of Chicago, was one of the speakers chosen to take part in the Liberty Loan campaign in Chicago and vicinity. The campaign was conducted by the speakers' bureau included speeches in the loop and business districts from 10 a. m. to 2 p. m. and from 4 p. m. to 6 p. m. There were also ward meetings at night. Reports from Chicago indicates that Col. Huntoon was one of the most popular speakers with the bureau and he was in great demand both for day and evening meetings. Some of the meetings were held in the open air and others in suitable buildings.

### OBITUARY.

Sarah Kathryn, 14 year old daughter of Mr. and Mrs. Newton Brown, died at Our Savior's hospital Saturday morning, October 12, at 12:55 a. m., from double pneumonia and complications after an illness of only a few days.

The child is survived by her parents, a sister Lina and two brothers, Russell and Neal, besides many other relatives. She was a dutiful child, a loving sister and a congenial playmate and her child like faith in her Saviour could not be questioned.

The interment was in the family lot in Murrayville cemetery, Sunday afternoon, Oct. 13 at 2:30 p. m., where a short but impressive service was conducted by Rev. Mr. Peters, pastor of the M. E. church of Manchester. The floral remembrances were many and beautiful.

### APPOINTED NIGHT POLICE CAPTAIN

Commissioner J. Edgar Martin yesterday appointed Chester M. Sharp as night captain of the local police force. Mr. Sharp will enter upon his duties Sunday night. He served for a time under the present administration, but resigned to enter business. Mr. Sharp made a very efficient night captain, having had wide experience in police work.

### NUNES ESTATE CITY PROPERTY SOLD

Executors Offered More Than Twenty Pieces of Realty at Public Sale Saturday—Total Value Near \$10,000.

A large amount of realty belonging to the estate of the late William Nunes was sold at the court house Saturday by John E. Pires and Samuel Nunes as executors of the will of Mr. Nunes. J. O. Priest was the attorney for the executors and Charles M. Strawn was the auctioneer. A tract of land of 6½ acres adjoining Yates northeast addition to Jacksonville was sold to Benjamin Kirk for \$1,280.

The highest price for any property was \$1,960 which George Nunes gave for a house and lot, 832 East Independence avenue. This is the homestead property occupied for many years by Mr. Nunes and in addition to extensive buildings includes 2½ acres of land. Nearly all of the property is located in the first ward and several pieces sold at comparatively low figures.

In addition to the realty sold E. M. Henderson purchased ten shares of the Jacksonville Creamery Co. stock for \$250, George Nunes a share in the McCarty Farmers Elevator Co. for \$25 and also one in the Strawn's Crossing Elevator Co. for \$40. The sale totaled \$9,207.50.

The several pieces of property the purchasers and prices are listed below:

House and lot, 210 Allen Ave., William Nunes, Jr. \$1,000.

House and lot, 1120 East Lafayette avenue George Nunes, \$180.

House and lot, 827 East Independence avenue, A. J. Nunes, \$436.

House and lot, 833 East Independence avenue Manuel Munis, \$215.

Two houses and lots, 803 and 807 East Independence avenue, George Nunes \$480.

Six and one half acres of pasture land, Benjamin Kirk, \$1,280.

Two vacant lots 117 and 118 Car Shops addition, James McDonald \$60.

Vacant strip of land, lot 15 Nedra addition George Nunes, \$27.50.

Two vacant lots 29 and 30, Allen's addition, W. C. Ledford, \$65.

Four vacant lots 1, 2, 3 and 4 in Andras addition, George Nunes \$300.

House and lot, 605 East Independence avenue, George Nunes, \$170.

Two vacant lots 6 and 7 John Allen's addition, George Nunes, \$135.

House and lot, 608 Allen avenue, George Nunes, \$445.

Vacant lots, lot 4 Thacker's addition, \$175; lot 5 Thacker's addition, \$160; lot 6 Thacker's addition, \$425, J. W. Walton.

Two houses and lots, Nos. 345 and 346 Wolcott street, George Nunes, \$610.

Lot 5, Block 8, Pecos Park Manor, Chicago, Ill. Earl Henderson, \$15.

House and lot 832 East Independence avenue, George Nunes, \$1,960.

House and lot 824 East Independence avenue, George Nunes, \$230.

House and lot, 818 East Independence avenue, George Nunes, \$510.

House and lot, 624 Hooker street, George Nunes, \$270.

### NOTICE.

There will be no regular meeting of the I. A. of M. until the epidemic of Spanish influenza is over.

G. A. Smith, Pres., H. Antreter, Sec., F. Doyle, Treas.

### PRISONERS BROKE JAIL SATURDAY NIGHT

Two Colored Men and One White Man Overpower Turnkey and Escape—Still at Large.

Leonard McClure and Orville Brighton colored and Lloyd, alias "Red" Hare, white, overpowered the turnkey at the county jail Saturday evening about 6 o'clock and made their escape.

The turnkey had taken up supper for the prisoners and when he went into the cell McClure and Brighton seized him and after choking him took the keys and locked him in a cell. They then unlocked the doors of the cells and walked out. A number of other prisoners could have done likewise but seemed to be satisfied with their surroundings.

When the three men went out of the office door Mrs. Graff was on the front porch and saw them. She knew Hare but did not know the two colored men. She called to Hare but he did not answer and all three were east in East College avenue and disappeared in the gathering darkness.

Sheriff Graff was up town at the time and was immediately notified and instituted a search with the assistance of the police. A thorough search was made of the east part of the city and of vacant barns but no trace of the men could be found. Sheriff Graff also telephoned to all cities in this vicinity giving a description of the men and offering a reward of \$25, for the apprehension.

McClure and Brighton are the two colored men who were implicated in the hold-up of the gambling game near the pumping station last summer. At that time they secured a considerable sum of money and made their escape on a Burlington freight. They were captured at Litchfield and a companion was shot several times and run down with an automobile. He is in jail and made no attempt to get away Saturday evening, evidently having enough of settees with officers of the law.

Hare was in jail charged with stealing bacon from the Mackey-Davidson grocery store at the junction. It is quite likely that the men will be captured in a few days as it is difficult for a man of draft age as all of the escaped prisoners are, to get away for any length of time without being picked up by federal authorities.

25 per cent reduction on Trimmed and Untrimmed Hats, the choice of our stock. We trim any hat to please you. Come early. FLORETH CO.

### RECEPTION GIVEN FOR PHYSICIANS

Two Members of Staff at State Hospital Honored By Association—Enter Army Medical Service.

Dr. Bert Smith, of the staff of Jacksonville State hospital, who recently was commissioned a first lieutenant in the medical reserve corps, received his orders to report to Ann Arbor, Mich. He has already left for the camp there. Dr. Thomas McLin also of the staff, was recently commissioned and within a few days is to enter the service at Camp Grant.

In honor of Dr. and Mrs. McLin, members of the hospital staff entertained informally at the hospital Friday evening. The occasion was one of great social pleasures and the new officers received congratulations and many expressions of good will from the assembled company.

For Sale—Two Ford cars in good shape. See J. W. Ward, 301 Ayers Bank Bldg.

### MOOSE BUY BONDS

Athens Lodge 1422, Loyal Order of Moose, this city, went "over the top" again Saturday when they subscribed for a \$1,000 bond of the Fourth Liberty Loan issue. The local Moose lodge, as well as the National organization, has been active in support of all war measures establishing and supporting ambulances and huts in France and also are worthy of mention for the large number of its members in the service.

## INFLUENZA CASES IN WHITE HALL DECREASE

Liberty Loan Meeting—Sergt. Lyons Safe Overseas—Other White Hall News Notes.

White Hall, Oct. 19.—Mayor Robert C. Boehm, who is also president of the local board of health, authorized the statement this morning that there is continued abatement of the influenza epidemic; that the number of convalescents has been outnumbering the new cases for the past three days by increasing odds. The mayor says that the reports of new cases are very few, and that any kind of an attack or ailment during the epidemic is credited to influenza. Mr. and Mrs. Pierce Wilfong and their five children have all been down with the influenza, and they are recovering. Plans for an elaborate windup of the Fourth Liberty Loan campaign have had to be abandoned, but the community has taken care of White Hall's allotment of \$13,000.

## FROM OCEAN TO OCEAN

Women Praise Lydia E. Pinkham's Vegetable Compound for Health Restored

In almost every neighborhood in America are women who have tried this standard remedy for female ills and know its worth.

Athol, Mass.—"Lydia E. Pinkham's Vegetable Compound has done me a world of good. I suffered from a weakness and a great deal of pain every month and nothing brought me any relief until I tried this famous medicine. I am a different woman since I took it and want others who suffer to know about it."

Mrs. Arthur Lawson, 559 Cottage St., Athol, Mass.

San Francisco, Cal.—"I was in a weak nervous condition, having suffered terribly from a female trouble for over five years. I had taken all kinds of medicine and had many different doctors and they all said I would have to be operated on, but Lydia E. Pinkham's Vegetable Compound cured me entirely and now I am a strong woman."

Mrs. H. Roskamp, 1447 Devisadero St., San Francisco, Cal.

For special advice in regard to such ailments write Lydia E. Pinkham Medical Co., Lynn, Mass. The result of its many years' experience is at your service.

## FOR SKIN DISEASES

With the Soldiers.

Sergeant Harry L. Lyons, who sailed for England with the contingent from Camp Taylor, Camp Mackay, has reported his safe arrival, and that a letter will follow.

Frank W. Dillman, with Fire and Guard Company, No. 343, East Columbus, Ohio, reports that he is recovering from a severe illness with influenza, and that the disease has been pretty prevalent there. Private Dillman states that he regrets not having continued his studies for an examination for the weather bureau service, as he finds this branch to be of the utmost importance in connection with war work. He has from time to time, acted as co-operative observer at White Hall.

Writing from Fort Des Moines, Iowa, Ernest Pearce states that the "flu" had had very little headway there, altho quarantine is being enforced and all necessary precautions taken. Speaking of the place he relates the following of human interest: "I imagine that a place of this kind would be very interesting to the outsider but to me it is a very ordinary thing to see the overseas men hobbling around on their crutches. There are many of them here now, and before the quarantine visitors were thick. I have become quite friendly with an overseas man in our ward, who came over on the 'Vernon', or started out about three weeks ago. When 300 miles out the ship was torpedoed. Perhaps I should tell you of his feelings when the torpedo struck and the ship listed. He described the noise as ten times worse than thunder. One of his first thoughts was to climb into a life boat. Then he thought of some forty odd pies that the cook had prepared the day before, and he called to the cook to ask if the pies were safe. They returned to port and re-emerged on the 'Vaterland', carrying 18,000, and is more like a luxurious hotel, having some fine eats coming over. This friend of mine's friend in a hospital in France who was gassed and badly burned about the face, and one day he called at the hospital his friend anxiously inquired: 'Do you think there will be any scars, Mac?' And Mac says he always swore they were going away, and that his face looked fifty per cent better than it did the day before. Some of the burns were terrible. About a week ago some of the soldiers who were hurt in the railroad wreck in Missouri, if you remember, were brought here. Most of them were stretcher cases. It has been reported that some German prisoners are coming here, but as there are not adequate facilities for handling them at present, I think it will be some time before this comes true."

MANCHESTER OPERATOR INFLUENZA VICTIM

Harry Wells Seriously Ill of Pneumonia Following Influenza—Manchester News Notes

Manchester, Oct. 19.—Mrs. Richard Whewell's sale, which was to be held Thursday, Oct. 24, has been postponed indefinitely because of the influenza epidemic.

Harry Wells, C. & A. operator is seriously ill with pneumonia, resulting from influenza, at the home of Mrs. Eliza Smith. His parents arrived from Bloomington Friday.

Mrs. J. W. Hanback and children Reed and Donna, of Bloomington are visiting at the home of Mr. and Mrs. Walter Hanback and family.

Mrs. Charles Dean, Mrs. Leverett Prindle, Misses Mae and Kate Hayes, attended the funeral of Mrs. Myrtle Borman in Eldred Thursday.

Mr. and Mrs. Clara McQuown left recently to visit relatives in Kansas City and Parsons, Kans.

Mrs. Emma Anthony of Woodson spent Tuesday with friends here.

HOW TO MAKE MASKS

Following are directions for making face masks, recommended by health authorities for persons attending influenza patients.

Use medium coarse gauze, about 18 cents a yard, 36 inches wide. Cut 5 inches on selvage, divide width of goods in two, making 18 inches. Turn in raw edges on lengthwise side, fold three times, sew gusset in each narrow side to make fit the face. Sew 4 tapes 15 inches long at the corners. The finished mask is 4 by 6 inches.

Remember that these masks must be put on outside the sick room, must not be handled after they are tied on and must be boiled thirty minutes and thoroughly dried every time they are taken off.

NOTICE

Deciding to reduce my stock of goods, will, commencing this day, sell all goods in my store, to regular customers at 10 per cent less than regular price for cash. Sale will continue thirty days.

William E. McCurley & Co., Woodson, Ill.

Mallory Bros. buy and sell everything; bargains in second hand shoes, stoves, etc.

AN AFFLICTED FAMILY

The family of John Moody in the vicinity of Chapin, has surely been afflicted. Five sons were done at once with influenza and while none were serious Austin was threatened with pneumonia but at last accounts was some better. Ruth was the only member of the family able to get about and care for the rest. Miss Mrs. Moody's sister, Mrs. Funk, went on to assist in caring for the invalids.

## THREE INJURED WHEN AUTO STRIKES POLE

Car Owned by David Giger of Arenzville Collides With Electric Light Pole—William Boles Painfully Injured—Car Badly Damaged.

William Boles of Garwin, Iowa was painfully cut about the head and received numerous bruises when a car in which he was riding collided with an electric light pole at the intersection of West State and North Prairie streets about noon Saturday.

Mrs. W. L. Wilday and Mrs. David Giger also occupants of the car, received minor bruises. David Giger the owner and driver of the car, which a Chevrolet eight cylinder, escaped without injury.

The car was badly damaged. Both the left wheels were broken, the wind shield broken, the fenders bent and torn loose and the radiator damaged.

When the accident occurred Giger was driving east on West State street. He had as passengers, his uncle, William Boles of Garwin, Iowa. Mrs. W. L. Wilday of Meredosia and his wife, Giger is a resident of Arenzville and operates a garage in that city.

The car was traveling at a rapid rate, some spectators saying that its speed was at least 35 miles an hour. When in front of the residence of Carl E. Robinson the car skidded and Giger lost control of it. It ran across the street and over the curb and finally struck an electric light pole. The pole was broken squarely off by the force of the impact.

At the time the car struck the pole Mr. Boles was stooping over adjusting his hat and he was thrown thru the windshield. He had a large cut in the forehead and numerous smaller cuts in the scalp. He also suffered the loss of several teeth. The ladies received minor cuts and bruises.

The injured were taken to the residence of E. L. Kinney and Capt. Allen King was called. He had them taken to his office where he gave the necessary surgical attention.

Miss Harriet Story and Alex Donovan were waiting for a car at Prairie street at the time of the accident and narrowly escaped injury.

SPECIAL SUIT SALE THIS WEEK AT HERMAN'S

CORP. MARTIN RECOVERING.

Corp. John R. Martin who is now located at Ft. Leavenworth, Kans., as instructor in the U. S. Signal Corps radio theory department writes that he was recovered from an attack of the influenza and is back at his post of duty. He also writes that upon returning to his desk he received his warrant for corporal.

MEETING POSTPONED

The meeting of the Chaminade Musical club for Monday October 21 st, has been postponed on account of influenza.

## INTERESTING NEWS NOTES FROM WAVERLY

Waverly, Oct. 19.—The body of Lewis Dohrs arrived in Waverly Thursday afternoon and was taken to the home of his sister, Mrs. George Mader, death having resulted from pneumonia following an attack of influenza at five o'clock Tuesday morning at Camp Taylor. He was formerly a resident of Modesto. Funeral services were held at 11 o'clock Saturday morning at Vancel Temple church, near Modesto, where interment was made.

Short services were held over the remains of Thomas Lyons at 1:30 p. m. Friday at the East cemetery by the Rev. F. E. Smith. This being the first death from influenza to occur in Waverly.

All the merchants of Waverly have agreed to close their places of business at 6 o'clock p. m. with the exception of Saturday nights, commencing Oct. 27, and continuing until March. The restaurants will remain open but will sell nothing but lunch.

Roy, Bert and Paul Wright departed Friday morning for their homes, having been here to attend the funeral of their brother Kennedy Wright.

Miss Nannie Smith went to Girard to visit at the home of her sister, Mrs. William Graf.

Mrs. Irene Smith has returned from a visit of several weeks with relatives in Chapin and Mt. Sterling.

Mrs. Narvia Meacham has gone to Litchfield where she will accept a position to teach school.

Mr. and Mrs. Charles Boyer of Manchester, is spending a few days at the home of their son, George Boyer.

Mr. and Mrs. M. Hoban have received word of the illness from influenza of their daughter, Miss Katherine Hobson, at Washington, D. C.

Miss Anna Colbert has returned home from Middleton, her school having been closed on account of the influenza.

Mr. and Mrs. Henry Horton have gone to St. Louis for a week's visit at the home of their daughter, Mrs. E. E. Pershall.

Rev. and Mrs. G. W. Green went to Mt. Sterling for a visit with the latter's parents, Mr. and Mrs. S. Briggs.

Mr. and Mrs. E. H. Cruzan of Versailles, are visiting at the home of Rev. and Mrs. F. E. Smith.

Mrs. Joseph Deatherage was called to Centalla, to see her son, Walter Deatherage, who is seriously ill.

Rev. W. D. Humphrey has gone to Marion, Ky., on a few days business trip.

### VOTE FOR THIRTY

Under the new by-laws suggested by the National Board of the Red Cross Association, the election of directors of the association will occur thruout the country on Wednesday, Oct. 23. The Morgan county association will hold their election in the rooms of the association in the library building from 9 a. m. to 4 p. m. on that date. The by-laws direct that 60 names (double the number of directors) be placed in nomination. There are thirty to be elected. Check the names of that number that you desire to vote on the ballot and it is suggested to save money in printing ballots that you clip the ballot printed below and use it at the polls. All members of the Morgan county Red Cross association not in branch associations are entitled to vote. Wm. Dalton, John S. Shepherd and Mrs. Orien Tandy will serve as judges. Chairmen of each branch in the county are ex-officio members of the directory.

### FROM COUNTY AGENT'S OFFICE

Farmers Using Rock Phosphate.—C. L. Hawker and A. D. Gibson, of the Franklin neighborhood were spreading a carload of rock phosphate on their fields Thursday. Another car was recently ordered by Lester A. Reed and E. R. Hembrough, southeast of the city. As acid phosphate is practically off the market, due to the use of sulphuric acid in making munitions of war, bone meal and rock phosphates are the only phosphates that the farmer can secure at the present.

Limestone.—Farmers over the state are top-dressing wheat with ground limestone. Limestone not only helps the wheat, if the soil is acid but is especially good for the clover seeded in wheat. Where limestone is applied as a top dressing in the fall it will get mixed with the soil more or less in the spring when the wheat is harvested.

### DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look At Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, fat of "California Syrup of Figs," sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "frat laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

### Million Dollar Bond Issue

Over 50 circular letters come to this office from the various county agents in the state. An examination of these indicates that the majority of farmers are going to support the Bond Issue. Where there is any hesitancy in regard to voting for it, it is due to the fact that the farmer has not understood the provisions of the law. The great danger to this bond issue is not in open opposition but in neglecting to vote for it.

County Agents and Agricultural Adviser to District Board.—

Homer J. Tice, agricultural adviser to District Board, has asked the county agents to confer with the Local Draft Board concerning farm hands in the draft but who have not claimed any exemption. If these men are needed for farm work the County Agent should report such facts to Homer J. Tice who will claim exemption for them before the District Board. Employers in other industries are doing this and the agricultural adviser now has the same right that the manager of any industry has. If the District Board decides that a man ought to stay on the farm instead of going to the trenches that man ought not to be called a slacker. He is doing his bit.

Bracelet Watches of every sort. Prices \$10.00 to \$50.00. Look them over now. Bassett's Jewelry Store.

### ILLINOIS WOMAN'S COLLEGE

President Harker left Jacksonville Monday night and has been away the rest of the week.

Miss Esther Bell, daughter of Rev. and Mrs. Bell of Ashland, Ill., enrolled as a house student on Tuesday.

The rules for conserving the health of the college are still in force without working any hardship. The spirit of depression due to the influenza in the college. Visitors are not allowed and no one is permitted to visit away from the college. Several things have helped to remove any possible spirit of depression due to the voluntary quarantine. Corporal Johnson's visit on Sunday was a happy occasion. Monday, being a holiday, was utilized by some of the students for picnic lunches. The Y. W. C. A., conducted a tea from 3 to 5 and the faculty held a picnic at Oak Lawn. The movies on Thursday night in the Social Room pictured the fortunes of June Caprice in "Miss U. S. A." Mr. Thomas Scott kindly attended the mechanical line of this entertainment. Friday was Founders' Day with its usual full program.

Founders' Day was featured by the Press and needs no further mention, save that the freshmen faculty advisers, the Misses Gray and Kerchner, gave a tea in the afternoon to the class.

Services will be held in the Social Room Sunday morning at 10:45. Rev. Charles A. Nyman, Vice-President, will preach the sermon. Miss Laila Skinner will preside at the piano. Miss Merline Terhune will sing, "My Redeemer and My Lord" by Dudley Buck. Miss Priscilla Chambers has given the Library forty volumes of miscellaneous books.

### VERY CLASSY BLOUSES ON SALE AT HERMAN'S.

#### COLLEGE NOTES

A recent compilation of the Religious statistics of the students of the College and Whipple Academy shows the following results:

Methodists . . . . . 80  
Christians . . . . . 42  
Presbyterians . . . . . 38  
Baptist . . . . . 33  
Lutheran . . . . . 6

Congregational . . . . . 5  
Miscellaneous . . . . . 9

President Rammelkamp was in Washington, New York and Chicago last week on business with the college. He returned to the campus Tuesday morning.

The issue of the Outlook for October 9, contains a group photograph of several of the French girls who have been sent to American Colleges and Universities. In the group a picture of Mademoiselle Szumlanski, who is studying at Illinois College.

Dr. C. H. Russell, '99, of Patterson New Jersey, has received a commission as lieutenant in the army. Merle Allen ex W. A. of Pittsfield, Illinois is in the aviation service.

First Lieutenant Gordon W. Coon, who is now commanding officer of the Illinois College unit, is a graduate of the University of Wisconsin. He was in the first officers' training camp at Fort Snelling. The lieutenant has made a decidedly favorable impression upon all who have had occasion to come into contact with him and the Illinois unit will doubtless be brought to a state of first class efficiency under his direction.

Every precaution is being taken to guard the health of the students. The men in the military unit, are of course, being carefully watched and all other students in the college are obliged to undergo a daily physical examination. While there have been one or two cases of severe colds or influenza, there is at present, no sign of any epidemic in the school.

The war work council has notified the college authorities that it is sending supplies for the Illinois college unit. The men in the Student army training corps unit are to enjoy the same privileges in this respect as do other men in the army.

MORE GOOD COATS ADDED TO OUR LARGE STOCK AT SPECIAL LOW PRICES THIS WEEK AT HERMAN'S

### THE SOCIAL SERVICE LEAGUE

During the past year social work as well as business has been affected by war. It has changed some phases of the problems, diminishing them in one direction, increasing them in another, but in general intensifying them.

We are likely to consider employment of the barometer for poverty and we reason that if employment is plentiful there can be no poverty. There will always be distress of the sort that has little to do with or no immediate relation to general industrial conditions—widowhood, sickness, accident, death, intemperance and desertion. There are families where the father is incapacitated by insanity tuberculosis, severe heart trouble. The families must be kept together and treatment secured for the sick person which may extend over many weeks or months with an expenditure of a large sum of money.

With the high cost of food—a subject for serious thought even to those whose incomes are far above poverty line it is to be wondered at that the low wage family in addition to other anxieties finds it impossible to make ends meet? While war has brought prosperity times to many families still a great many have felt the tragic meaning of the conflict even the none of their members may be in the service.

In the past few months charity organizations have found it necessary to increase their budgets. Next week, Oct. 21 to 27 you will be called on and asked to contribute to the Social Service League.

tribute to the Social Service League. Don't forget that even the your interest is focused overseas, that we must meet conditions right here in Jacksonville. We need each and every one of you. Your co-operation, your support. All social work is war work.

New designs in photo Lockets. Styles for 2 and 4 pictures. Bassett's Jewelry Store.

### XMAS PACKAGES OVERSEAS

Do you want to send any? Then read this carefully.

Many people will want to send packages for Christmas to dear ones overseas in the American army and these packages can only be sent through the Red Cross and all who want to send any should at once leave their names with the local branch of the Red Cross wherever they are. In Jacksonville go to the Red Cross rooms here and if some-

where in the county go to the nearest branch of the Red Cross and leave your name and don't delay either but attend to it at once. All know now that mail matter gets congested along toward the holidays so shop early and leave your names for overseas Christmas packages early and remember they can only go by the Red Cross.

A. E. Harbrough of Bronson, Texas was called to the city on business yesterday.

## ECZEMA CAN BE CURED Free Proof To You

All I want is your name and address so I can send you a free trial treatment. I want you just to try this treatment—that's all—just try it. That's my only argument.

I've been in the drug business in Fort Wayne for 20 years, nearly everyone knows me and knows about my successful treatment. Over six thousand five hundred people outside of Fort Wayne have, according to their own statements, been cured by this treatment since I first made this offer public.

If you have Eczema, Itch, Salt Rheum, Tetter—never mind how bad—my treatment has cured the worst cases I ever saw—give me a chance to prove my claim.

Send me your name and address on the coupon below and get the trial treatment I want to send you FREE. The wonders accomplished in your own case will be proof.

# Another 2-Days Profit-Sharing Cash Sale

## LAST DAY Remember, Monday, Oct. 21st

### \$2.50 Quality, 81x90 Bleached Seamless Sheets, \$1.50

These sheets were on sale last week. There a few of them left. This will be your last chance to secure them. These sheets are far from perfect quality. Some of the sheets are badly wrinkled; on others the hemming is poorly done; still others are spotted and stained

#### THIS FACT WE WANT TO THOROUGHLY IMPRESS UPON YOU

Some of the sheets have tears in them and tiny holes caused by being run through new machinery. The tears can be mended and the holes darned. We want you to know exactly what you are buying.

#### We Wish to Assure You That We Consider This An Exceptional Offering

We are confident you will be pleased if you buy them at a saving of \$1.00 on every sheet. The limit is not more than 6 sheets to a customer.

35c Light Outing Cloth . . . . . 29c

## Plaid All Wool Fancy Blankets

Blankets contracted for in December, 1917, and the shipment was delayed until Oct. 10th, the Government having commandeered the entire output of the mill. These Blankets are strictly all wool and are beautiful assorted colors in Block Plaids and at the present time are worth \$18.00 and \$20.00 the pair.

#### CASH PRICES FOR THIS TWO DAYS' SALE

The \$20.00 values are priced at, the pair . . . . . \$13.95  
The \$18.00 values are priced at, per pair . . . . . \$11.95

#### This is your opportunity to save \$6.05 on each pair of Blankets bought.

Buy more Liberty Bonds. Make the kaiser abdicate. Knock the Hun and Buy Bonds until it pinches your bank account. Bring peach stones, walnuts and hickory nuts, fruit pits, to this store, well dried. We will do the rest. Help save the boys' lives over there by saving these stones, nuts and pits.

## Pianos and Players

A Carload  
of  
PIANOS  
and  
PLAYER  
PIANOS  
Just Received  
At my residence  
1201  
South East St.

I guarantee to  
save you from \$75  
to \$125 on the  
instrument you  
select.

These instruments were  
purchased several months  
ago, at a much lower figure  
than they could be  
had for today.

There will be a still further  
advance of 10% on  
November 1.

I am going to reduce my  
stock before that date,  
and will sell you a Piano or  
Player-Piano now at less  
than manufacturer's cost,  
for cash or on reasonable  
terms.

Liberty bonds accepted at  
face value, the same as  
cash.

Call, write or phone.

## RUSSIANS MAKE MOST OF FOOD SHORTAGE

People Struggle Along With  
Great Patience Under Trying  
Conditions — Restricted Diet  
Makes Fat People a Rarity.

Moscow, October 19. — [Corres-  
pondence of Associated Press.] —  
The average Russian wants  
bread and rest from the turmoil  
which has been passing for the  
last four years, and he believes  
he will eventually find these two  
blessings. He doesn't know ex-  
actly how, but he's hopeful.

The Russian public is strug-  
gling along with great patience,  
making the most of its very limited  
food supply, making over its  
shabby shoes and getting all the  
amusement it can out of life by  
attending the theatres and visit-  
ing the summer gardens.

Moscow's bread allowance is  
one-quarter of a pound daily for  
each person—if he gets it. And  
the quality of the bread varies so  
greatly that there is much betting  
and jesting daily as to what sort  
of bread the food committees will  
supply the following day.

Straw enters largely into the  
composition of the bread sup-  
plied to Moscow, Petrograd and  
other cities far from the grain-  
producing centers. Sometimes the  
straw is chopped so finely it can-  
not be detected. On other days it  
is coarse and abundant in the  
loaf that straws an inch long may  
be found.

A recent cartoon in the Mos-  
cow Novoye Vremya showed an  
old man plaiting a straw hat.  
Two urchins wearing straw hats  
were playing at his feet, and a  
loaf of bread from which long  
straws were protruding lay on  
the table. A neighbor who stood  
beside the weaver inquired:

"How do you find the bread  
these days?"

The reply was:  
"We can't eat it, but it makes  
excellent straw hats."

The death of alcoholic drinks  
afforded the subject for a cartoon  
which gave Moscow a hearty  
laugh. A customer holding a bot-  
tle of perfume in his hand, stood  
before an apothecary, to whom he  
complained:

"I don't like the odor of this  
eau de cologne."

"Gracious, one doesn't smell it  
nowadays! the druggist exclaimed.  
"One drinks it!"

Under the greatly restricted  
diet enforced by the food short-  
age, persons in all walks of life  
have lost flesh to such an extent  
that really fat men and women  
are seldom seen. The chief work  
of tailors and dressmakers now-  
adays is taking in of garments to  
adjust them to reduced figures.

At a recent musical per-  
formance an enormous fat man was  
shown to a seat near the stage  
broke his chair to pieces when he  
sat down. The accident made  
such a noise that the attention of  
the entire audience was drawn to  
the unhappy man who was extri-  
cated from the wreckage by two  
ushers. The audience rose and  
cheered vehemently. The fat  
man acknowledged the applause  
good-naturedly and took no of-  
fense at shouted inquiries of  
"How do you do it on a quarter  
of a pound of bread a day?"

## NEW NOBBY SKIRTS AT SPECIAL REDUCTIONS FOR THIS WEEK AT HERMAN'S

### APPLAUD ACTION OF ARGENTINE GOVERNMENT

Buenos Aires, October 19. — The  
Argentine government has refus-  
ed to permit a local firm to regis-  
ter a trade mark which would  
have perpetuated Luxburg's  
words "aprilis versentis" in the  
now famous telegram to Berlin in  
which he urged the German gov-  
ernment to sink Argentine vessels  
without leaving a trace.

The case has been widely com-  
mented upon in the local news-  
papers, which have applauded  
the action of the government in  
refusing to let the words of the  
former Gorman minister here to  
be perpetuated in Argentine com-  
merce.

## WALKING UNDER DIFFICULTIES

"Believe me, I suffered from  
stomach and bowel trouble right.  
This weakened me so that I could  
scarcely walk. I could do no  
work. This was my condition  
when I started taking Mayr's  
Wonderful Remedy on the advice  
of a friend. Now I am working  
every day and feel better than I  
ever did in my life. It is the only  
medicine that ever touched me."  
It is a simple, harmless prepara-  
tion that removes the catarrhal  
mucous from the intestinal tract  
and allays the inflammation  
which causes practically all stom-  
ach, liver and intestinal ailments.  
Including appendicitis. One dose  
will convince or money refunded.  
For sale by Coover and Shreve's  
East Side Drug Store and drug-  
gists everywhere.—Adv.

## STOPS BACKACHE IN FEW MINUTES

Rub Lumbago, Pain, Soreness,  
Stiffness Right Out With "St.  
Jacobs Liniment."

When your back is sore and  
lame of lumbago, sciatica or neu-  
ritis has you stiffened up, don't  
suffer! Get a small trial bottle  
of old, honest "St. Jacobs Lin-  
iment" at any drug store, pour a  
little in your hand and rub it  
right into the pain or ache, and  
by the time you count fifty, the  
soreness and lameness is gone.

Don't stay crippled! This sooth-  
ing, penetrating liniment takes  
the ache and pain right out and  
ends the misery. It is magical,  
yet absolutely harmless and does  
not burn or discolor the skin.

Nothing else stops lumbago,  
sciatica and lame back misery so  
promptly and surely. It never  
disappoints!—Adv.

## MAVERICKS

John Kearns has been editing  
our Maverick Column for the  
past two Sundays. John does it  
so much better than we can ever  
hope to do that we are tempted  
to keep him on the job only we  
don't like to ride a free horse to  
death.

Don't boll the city water any  
more. That's wasteful.

What so rare as a day in June?  
Some days in October.

Button, Button.  
Kaiser, Kaiser—who's got the  
Kaiser?

Minnesota ought to be pretty  
well fumigated. Nature's san-  
itary measures are often as drastic  
as her epidemics.

Strange to see the hydrangeas,  
snow-balls, and cherry trees in  
bloom again. Is it a sign of  
early peace? Or were they  
fooled by the daylight saving  
plan?

It is still going the rounds—  
Harry Luddé's old joke about its  
taking one year to wind up the  
war, and thirty-nine to wind up  
the barbed wire. How about the  
red tape, Harry?

Nursery Song Revised.  
Bye Baby Bun-nut.  
Papa's gone a Hun-nig.

Out of mere curiosity, let us  
ask if the points of the compass  
have lately been altered by the  
edict for the convenience of any  
one in particular. See the North  
and South cars running on the  
State street line.

A government bulletin informs  
us that every time we use a sheet  
of white paper unnecessarily, we  
are depriving the government of  
caustic soda, sulfur and potash—  
chemicals sorely needed in the  
manufacture of "T. N. T." Will  
the "Office Girl" please note?

Honey bees may now be sent  
in droves thru the mails. But  
we don't imagine that the Post  
office will be rushed to death by  
people seeking to avail them-  
selves of the new privilege. It  
used to be that only queens were  
distinguished enough to be en-  
titled to transportation. But  
democracy seems to be the order  
of the day.

The most momentous question  
of the season in Boy-dom is: "Did  
they chase you out?" The prob-  
lem of obtaining the winter's  
supply of walnuts, persimmons,  
et al., is yearly becoming more  
serious, and the prizes inversely  
more desirable. The happy hunt-  
ing grounds are constantly re-  
ceding, or being hedged with  
dangers and soon they will be  
like the Garden of Eden, a land  
of memory, or a mere ideal.

And what has become of the  
gold-finch? A friend who spent  
the summer in South Dakota re-  
ports that they were numerous  
up there. But we have failed to  
observe them on our sun-flowers  
this year. If they don't hurry  
up, the sparrows will have all  
the seeds.

The Gold-Finch  
The Gold-finch is a tiny bird,  
A dapper little fairy,  
In open fields his song is heard—  
Nick-named "Wild Canary."

A bird of vivid sun-flower hue,  
That eats the sun-flower seeds.  
(They say he gets his color too  
From that on which he feeds.

Oh, yes—black wings and vest  
of yellow.

("Thistle-bird," some say).  
But Autumn runs the little fellow  
South, and paints him gray.

Then late in Spring he comes  
again,  
A winged marigold,  
And sings a tender sweet refrain  
Canary-like, we're told.

He flies in curves across the  
mead.

A shooting-star alive,  
And builds a nest upon a weed—  
Blue eggs, some four, some  
five.

And when the young are weaned  
to fly.

They flock among the weeds,  
Make streaks of gold across the  
sky.

And eat a peck of seeds.

And now is the winter of our  
discontent made more somber by  
the manifest sins of the 'tree-  
butchers. Summer makes a great  
effort to disguise the unnatural  
shapes and unsightly stumps. But  
winter has no mercy, and mali-  
ciously glories in the defects—  
unless she can transform them  
with a touch of her own style of  
decorative art, a coat of ice or  
snow.

Wonder why they didn't take  
the barberry bushes along with  
the flower bed in Central Park.  
They are a sad lot. They did not  
bear many cranberries this sea-  
son. Perhaps they feel that they  
are in disgrace.

J. K.

Military Watches in round  
and cushion shapes. Prices  
\$5.50 to \$25.00. Bassett's  
Jewelry Store.

AND NOW THE HIGH  
SCHOOL BUILDING

And now the new high school  
building which was to go up in  
such a fine shape may be post-  
poned by order of the govern-  
ment. A ruling has been asked  
and meanwhile matters are at a  
standstill the spirit of the gov-  
ernment being very much against  
anything that is at all dispen-  
sable. It is not known how long  
it will take to get a ruling and  
meanwhile patience is recom-  
mended.

## CONSERVATORY NOTES

The rehearsals of the Conser-  
vatory orchestra, under Mr.  
Kritch, will be discontinued dur-  
ing the epidemic of Spanish in-  
fluenza.

Miss Rebecca Scheibel, grad-  
uate of the Conservatory, expects  
to give a song recital on Thurs-  
day evening, November 21st, at  
the Institute for the Blind.

Mr. Munger is planning to give  
his annual piano recital about  
the middle of November.

Mr. Cochran is spending a few  
days in St. Louis.

Misses Ellen McCurley and  
Martha Priest entertained last  
Thursday evening in honor of  
Mr. Willard Warner, who leaves  
for Camp McArthur, Texas, in  
the near future. On account of  
the "flu" the supper was given

in the woods west of town, the  
guests numbering twelve.

## OVER 100 EASTERN PATTERN HATS ON SALE MONDAY AT HERMAN'S.

IS SERIOUSLY ILL  
Mrs. F. A. DeFries is reported  
critically ill at her home in Spring-  
field. Mrs. DeFries was form-  
erly Miss Millie Cherry, daughter  
of the late John Cherry and sister  
of Mrs. A. P. Vasconcellos and  
John Cherry. Mrs. Vasconcellos  
went to Springfield Saturday  
morning to be at the bedside of  
her sister.

NOTICE  
Oct. 19, 1918, after this date  
I will not be responsible for any  
bills contracted by my wife,  
J. R. Miers.

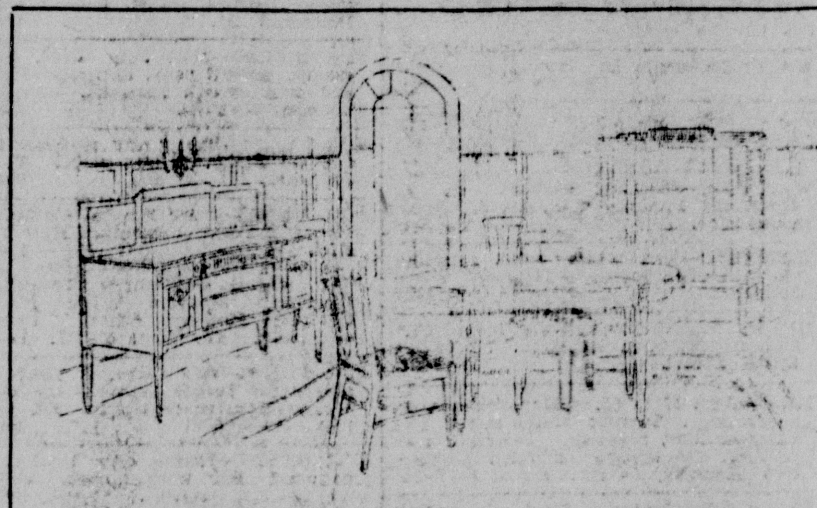

Don't buy grain, or grain products,  
hay, straw, poultry, hog, horse or  
cattle feeds, until you have exam-  
ined the quality we offer and got  
our prices.
